Proceedings of the Government of Mysore.

READ:—

1. Order No. 90—94 D. C., dated, Camp Mysore, 3rd March 1897, appointing a Committee to investigate the cause of the outbreak of fire at the Palace, Mysore, on 28th February 1897, and the circumstances attending it.

2. Report of the said Committee, dated 24th March 1897, submitting the result of their investigation.

3. Dewan's Memo with Her Highness the Maharani-Regent's orders thereon, both dated Mysore, 4th March 1897, appointing a Committee to make a complete examination of the whole of the Palace Jewels.

4. The Proceedings of the said Committee recording the result of the daily examination of the Palace Jewels from 5th March to 6th April 1897, both days inclusive.

5. Notification issued under the authority of Her Highness the Maharani-Regent, No. 501, dated, Camp Mysore, 22nd March 1897, expressing Her Highness' thanks for messages of sympathy and for help to control the fire, received from all quarters.

No. 111. D. C. DATED, CAMP MYSORE, 8TH APRIL 1897.

ORDER THEREON.—The fire at the Mysore Palace broke out at about 9-30 A. M. on Sunday the 28th February 1897. It was first observed in the centre of the ceiling cloth of the temporary Pandal (to be more fully described hereafter) which had been erected for the marriage celebrated at the Palace on the 19th February and following days. It spread on all sides with amazing rapidity, and within a few minutes it attacked the permanent building with which the temporary Pandal was connected on all the four sides. With the strong wind blowing at the time it was at first feared that no part of the Palace could be saved. Shortly after the spreading of the fire from the temporary Pandal to the permanent building, Her Highness the Maharani-Regent with His Highness the Maharaja and all members of the family removed to the Summer Palace, whither was conveyed also the whole of the Palace Jewels. Large numbers of people of all classes, both official and non-official, collected on the spot in a very short time, and they, with the Palace employees and parties of the local Barr and Police forces and gangs of convicts, all made great exertions both to put out the fire and to save the property. By 1 P. M. the whole of the property which could be saved was removed from reach of the conflagration, but it was not till about 6 P. M. that the fire was brought under some control or hopes began to be entertained of preventing its spread to the unattacked portions of the Palace. Throughout the night, vigorous efforts were made to disconnect the main building from the burning mass in the centre, and about 1 A. M., valuable assistance was received from the detachment of Sappers and Miners who arrived by special train from Bangalore with two fire-engines. The work of disconnection had to be continued without intermission on the three following days before complete safety for the remaining buildings could be established. The fallen mass continued to smoulder for several days afterwards.

2. On the 3rd March 1897, the Government appointed a Committee, composed of the Officers named in the margin, to investigate the cause of the outbreak of the fire and the circumstances attending it. This Committee has made a very careful enquiry and has submitted a complete report of the result. It has arrived at the conclusion that the fire was caused by an accident, and that it attacked the temporary Pandal from above. The materials and the reasoning on which this opinion is based, are contained in the following paragraphs of the Committee's report:—

Members.
1. Mr. P. N. Krishna Murti, Member of State Council, Chairman.
2. Col. C. Bowen, R. E., Chief Engineer.
3. Mr. S. M. Fraser, Tutor and Governor to H. H. the Maharaja (with the Resident's consent).
4. Dalvye Mr. Devaraj Urs.

"It will be shown further on that the fire originated in the Marriage Pandal which had been (as usual on such occasions) constructed over the whole of the Savari Totti, and it is necessary to describe this Courtyard and the decorations which existed on the 28th February.

"Approaching through the Elephant Gateway, which is a passage 38½ feet long by 9 feet broad, one entered the Savari Totti (100 feet × 92 feet) from under a 14-foot verandah, running on the north to the Sajje and Music Gallery staircase, and on the south to the Ghantè Pahara. From the Ghantè Pahara a corridor led on to the Bidadi Gateway, and a staircase went up to a passage opening into the Ambavilas. The Balakhana was a kind of hall, 48 feet deep, divided into three arcades by rows of pillars, and reaching from the Savari Totti, of which it formed the southern side, back to the wall of the Ambavilas. For the marriage ceremonies the Balakhana had been extended by the construction of a platform, 21 feet 6 inches broad, up to the edge of the Circus Pavilion. On this platform was the Marriage Mantap, made of talc and paper, and teak pillars supported a temporary hipped roof, made of bamboos and cocoanut leaves. The construction of the whole will be clear on reference to the Cross Section, Plan IV. Another temporary hipped roof, it appears, sprang from the pillars of the temporary platform and rested on the conical top of the Circus Pavilion; and from the point where they met, on a level with the second storey, the flat roof of thePandal began, and extended over the whole of the Savari Totti. The Pandal was supported, at a height of 30 feet from the ground, by a number of teak and areca-palm poles, and was also fastened to the eaves of the second storey on three sides of the Courtyard. At the four corners the roof of the Pandal rose into domes about 8 feet above the surrounding level, and the corners of the Circus Pavilion (which was decagonal in shape) were left open for ventilation. The Pandal itself consisted of a frame-work of bamboo and areca-palm poles, covered with palm leaves and matting, with a ceiling of calico.

"The poles which supported it were draped with white and red cloth, and the whole Court, with the Circus Pavilion, was profusely decorated with fringes of red cloth and paper garlands hung between the posts and the pillars all round. Including the temporary roof over the extension of the Balakhana with the Pandal, the area of the whole was 11,040 square feet.

"After the above description of the portion of the Palace concerned, we come to the question of the cause of the Fire, and will first consider the evidence as to the point where it broke out, and then discuss the theories of Incendiarism, Spontaneous combustion, and accident.

"A. POINT WHERE THE FIRE FIRST BROKE OUT.

"The conflagration took place, as nearly as possible, about 9-30 A.M., according to the opinion of the witnesses generally, and at that hour of the day there were so many persons present in the Savari Totti on duty at the different Guards,* and so many were at once attracted by the alarm, that abundant evidence is available about the spot where the fire was first observed. We take it as established beyond doubt that flames were seen first in the ceiling of the Pandal, at a point a few feet to the north of the caves of the Circus Pavilion, between it and the Music Gallery. When first noticed there, the fire was only a small circular

patch on the ceiling cloth, so that it is clear that this is the point where it made its appearance, and the flames spread from this one centre only, for no one alleges that fire was ever seen at two or more distinct spots.

"The question next arises—"Was the fire communicated to the ceiling of the Pandal from the Savari Totti, below, or from the outside above?"

"To this also the positive answer can be given, that the fire must have originated above, for the following reason, *viz*:—

"Not one of the many witnesses who were present in the Savari Totti mentions seeing any of the decorations below in flames. And, while it was only by climbing up the festoons between the pillars that fire could have reached the ceiling from below, the improbability of it originating in the Savari Totti is very great, for no light had been burnt in the Circus Pavilion since the evening previous, and it may be here noted that the five oil lamps which were kept lighted during the night in the corners of the Savari Totti, naturally, and as a matter of fact, had been extinguished before that hour of the day. Further, Mr. Hardaker points out that the festoons in the Circus Pavilion nearest to the point in the Pandal where the fire appeared, were inside the eaves of the Pavilion, which the Plan (No. IV) shows to have been some 12 feet below the ceiling, and not directly communicating with it.

"B. EXAMINATION OF THEORIES.

"We are now in a position to examine the various theories as to the cause of the fire.

"(*i*) *Incendiarism.*

"It may be at once said that only one point has been brought to our notice which might in any way lend itself to suspicion, and that is the alleged failure of certain of the hydrants at the time when the fire broke out. * * * * .

* * * * * *

* * "and the Committee, while regretting that they have been unable to solve the problem, think that, bearing in mind the feeble head of water which existed in the other pipes close to the Palace on that Sunday morning, the theory which does least violence to the probabilities is the one that a very little water did come in the hydrants, and that no tampering with the Palace supply had taken place at all.

"Proceeding with the theory of Incendiarism; we have to consider what means of access existed to the second storey which would have to be reached by any one wishing to light the Pandal from above. The plan* will show that on the south, west, and north sides, the Pandal was surrounded by Zenana quarters: and on the east side was the Sajjé which does not form part of the Zenana. Enquiry proved that the side of the Sajjé, which looked over the Pandal was ascended by only one staircase, in the south-east corner, and that the door of this staircase, which was used solely by those who went up to light the big lamp under the golden Kalasa, was locked and sealed, according to custom, on Saturday night by the Kandilvala, the Gollar, and the Rachevar Havaldar, whose duty it was to see to this jointly. The staircase was never opened in the morning, as the supply of oil in the lamp was so arranged that it burnt itself out before dawn.

"We come to the conclusion then that no person could have got to the Sajjé side to throw fire on to the Pandal, and that if it was thrown at all, the incendiary must have been one of the women servants who had access to the other three sides of the Pandal. But, it need hardly be pointed out how great is the improbability of any one running the risk involved in doing such an act after 9 o'clock in the morning, when the same purpose might have been more effectually carried out at night, without fear of observation.

"To conclude—On the evidence before them, the Committee consider that there is no reason to believe that the fire was due to incendiarism.

"(*ii*) *Spontaneous Combustion.*

"The Committee have not omitted to weigh this theory, but considering the structure and materials of the Pandal, and the early hour of the day, they do not see how flame could have been produced under the circumstances by either friction, chemical action, or the direct heat of the sun, and must dismiss the theory as almost impossible.

"Nor is it probable that there was any object on the outside of the Pandal which could have served as a burning glass to set it on fire, particularly at that early hour of the morning.

"(*iii*) *Accident.*

"Sufficient reasons have already been shown for believing that the fire did not originate below the Pandal, but before proceeding to consider the upper parts of the Palace, the possible causes of a conflagration in the Savari Totti may be briefly mentioned, and dealt with—

(*a*) *The Lamps.*—These, it has been noted above, were extinguished at daybreak.

(*b*) *The Electric Light.*—The engine which worked the dynamos was used only from 6 P.M. to 11 P.M.

(*c*) It has been asserted in some newspapers that the boiling of coloured water was going on on the Sunday morning for the Vasanta ceremony. On this point the evidence of the Controller is conclusive, *viz.*, that there was no place for boiling water in the Savari Totti, and that neither the Vasanta nor any other ceremony was to be held either on the Sunday or Monday.

"Coming to the portion of the Palace above the Pandal which reached up to the level of the second storey, reference to the plan* shows that it was surrounded by open terraces on every side except the Sajje, that is, the east front which need not be further considered, for, as pointed out above, it was shut up and uninhabited. The rooms on the north side were sitting rooms, which were not in constant use, but on the west, the Pandal was bounded by terraces above the Zenana living portion all along from the Madanvilas to the Krishnavilas, and on the south, by a terrace leading from the Sitavilas Devarmané (which was used as a waiting room for maid servants) to a room on south-west corner which was in daily use for boiling milk.

* No. III.

* * * * * *

"The milk-boiling room presents far more serious cause for suspicion. As stated, this room was in the angle of the south and west terraces, at a distance of about 20 feet from the nearest point of the Pandal. For the purpose of the marriage festivities, the Muramat Bakshi states that he had put up a Chappar, between 5 and 6 feet high, running the whole length of the south terrace, as far as the boiling-room, for the use of Zenana ladies (see Plan IV, the Cross Section). This Chappar does not

It must be noted that Plans II, III and IV are drawn from the memory of the Controller, Durbar Bakshi, and Palace Maramat Mukhtesar, (generally known as the Maramat Bakshi) as no detailed plans of the Palace are in existence.

seem to have had any connection with the conflagration, but was in itself a danger, so close to the kitchen.

"The Zenana Sheristedar states that about 80 or 100 seers of milk were boiled in this room for the use of the whole Zenana establishment, and that boiling went on all day, but the two women actually employed on this duty, say that they boiled for Her Highness only, and give the amount at 26 or 27 seers in the day. Putting the stories of the two women together we may take it that the milk for boiling had been brought on this Sunday before the fire broke out, and though Wit. 9 says that she had not yet lighted the kitchen fire, Wit. 10 says that it was the custom to light the ovens about 9 A.M. or 10 A.M. To do this, both agree that fire had to be brought, as Wit. 10 says, from the kitchen in the Kaman Totti, downstairs, for they kept no matches. Of course, Wit. 9, the woman in charge of the boiling on that day, denies that her fire had been lighted before the conflagration took place, and such a denial was only to be expected when she saw that her kitchen was under suspicion, but it is clear that in the ordinary routine, the kitchen fire would have to be lighted about the hour at which the conflagration occurred. To bring the fire from the Kaman Totti to the kitchen, the woman would pass through the old Namtirtha Totti or Krishnavilas and would emerge on to the terrace at a door marked on the map,* and would have to pass for about 50 feet along the open terrace, and up a few steps before turning into the door of the kitchen. When at these short steps, she would be about 8 feet only from the corner of the Pandal. The method used by all native servants in carrying fire is familiar, either glowing charcoal is carried on a tile, or a bundle of burning sticks is taken in the hand. The danger of a live spark being wafted by the wind from such burning wood or charcoal over the open terrace in the direction of the Pandal, or in any other direction, is at once obvious, and the distance of the spot† where the Pandal was first seen from below to be on fire from the nearest point in the line along which the woman must have passed will be seen by the plan ‡ to be only about 80 feet.

See Plan I.

It may be remarked, by the way, that the woman is herself burnt on one arm, and we are of opinion that she could throw far more light on the whole matter than she chooses to do.

See evidence of Wit. No. 10.

* Marked thus × (in blue ink), Plan III.

† Marked thus × (in red ink), Plan III.

‡ III

"It is, of course, impossible for the Committee to say with certainty either that the woman did actually carry fire on the fatal Sunday, or if she did, that the spark from it set fire to the Pandal, but what they must lay stress on is, that the evidence in connection with this kitchen discloses the existence of a set of circumstances which might, on any morning of the year, have caused a conflagration in the Palace, and which, while this vast area of inflammable Pandal existed in close proximity, can only be described as eminently dangerous.

* * * * * *

t is only in connection with the milk-boiling kitchen that any evidence of fire having been actually used on the terraces above the Pandal has come to our notice, but it is needless to point out that this room by no means exhausts the possibilities of danger. A mere statement of the dimensions of the Pandal [11,040 square feet]—an unprotected mass of inflammable material—surrounded on three sides by dwelling quarters inhabited by a large number of women-servants is sufficient to suggest continual risks of fire in a dozen ways, and the fact that there was a parapet wall some 6 feet high, which hid the Pandal from the women on the terrace, while at first sight seeming a security, may have proved the opposite by causing them to forget at moments the existence of the danger on the other side. Nor must we overlook altogether the possibility of a spark

being carried up by the wind from the houses of the Fort, which
See Plan V. approach close to the Palace, particularly on the southern side.

"To sum up.—The Committee record it as their opinion that the Pandal was accidentally lighted from above,and while the circumstances make it possible for the fire to have originated from many sources, they are of opinion that the most probable cause was the carrying of open fire to the milk-boiling Kitchen."

3. The Government entirely concur in the conclusions arrived at by the Committee in the paragraphs above quoted, as to the cause of the fire and as to where it first broke out. The opinion that it attacked the Pandal from above is supported by the fact that, when first observed from below, its form was that of small circular patch, and perhaps the extraordinary rapidity with which the flame spread over the entire Pandal is suggestive of a much larger area of conflagration above than could be seen from below.

4. Coming next to consider the normal precautions against fire at the Mysore Palace, the Government are of opinion that the ordinary Town water-supply system cannot be depended upon for yielding the very large quantity required on an outbreak of fire. This supply being intended for domestic purposes, the outflow at particular fountains is necessarily slow at an hour when water is drawn at scattered numerous points all over the Town and in the Palace premises, and before the fountains at these points can be closed and the pressure at the particular fountains at the Palace increased, many minutes must be lost which would be invaluable on the first outbreak of fire. Moreover, even with the maximum of the obtainable pressure at the Palace, the calibre of the distribution pipes is too small for yielding an adequate supply for a great fire. Again, the level of the supply from the Kukerhalli tank is too low to command the higher parts of the Palace, and though the Cauvery supply (which had not before been laid on to the Palace owing to the prevalence of cholera at and near the Pumping Station) is capable of commanding the higher parts of the Palace, its quantity is limited by both the water level of the Service Reservoir and the calibre of the distribution pipe. Under such circumstances, the most efficient precaution appears to be the construction of special water tanks which, as observed by the Committee, should engage the attention of the Architect who designs the re-building of the Palace. These tanks, in order to be really useful, should of course be automatic in their action.

5. There was only one fire-engine at the Palace and it was disabled by the fall of the roof of the Pandal within a few minutes of the outbreak of fire. The suggestion of the Committee that a number of fire-engines (both steam and manual) should be maintained for a building of the size of the Mysore Palace, generally commends itself to the Government and will be communicated to the Palace authorities for needful action, in consultation with D. P. W. and with due regard to the extent of safety established by means of automatic Water-tanks, Sprinklers and other contrivances, which it may be found feasible to adopt. Whether, in addition to ordinary fire-engines, it is desirable to provide some "Extincteurs" using a mixture of water and chemicals, is deserving of investigation in the D. P. W.

6. When the Marriage Pandal was erected to cover the large area of 11,040 square feet and immense quantities of readily combustible materials were used in its construction and when on two sides this Pandal was surrounded by dwelling quarters inhabited by a large number of women-servants, the risk of fire should have naturally suggested itself to the responsible Palace officials, but it is apparent, as remarked by the Committee, that "the immunity enjoyed by similar Pandals erected from time to time during nearly half a century had resulted in the fear of fire occurring to no one." It is not easy to suggest what really effective measures, in the absence of permanent automatic precautions of the nature suggested above, were possible against a fire of such magnitude, but the Government agree with the Committee that some simple precautions like the following should have been adopted :—

"(i) Special men, or if not men, then women, should have been appointed to watch the Pandal from above.

(ii) Special fire-watchmen should have been detailed to observe the Pandal and Marriage decorations in the Savari Totti.

(iii) A large number of buckets of water should have been kept ready on the terraces above the Pandal, and a manual fire-engine ready for use—had such a thing existed—would obviously have been of great service."

7. The Government note with regret that not only were no such precautions taken, but that on the first outbreak of the fire the responsible Palace officials so lost their presence of mind that they failed to take what can be regarded as organized action to grapple with the situation. Their duty during the first fifteen or twenty minutes at any rate was to have taken their stand each on a side of the Pandal in flame and to have done whatever was possible to prevent the flame attacking the permanent building, instead of running in various directions to take care of jewels or other property, to call for labour etc, duties which could easily have been delegated to others. In all probability their efforts would have failed under the actual conditions of the fierce and sudden conflagration, the extraordinary rapidity with which it spread and the scanty water-supply; but this should have made no difference in what was required of them in the presence of the extraordinary emergency which had arisen.

8. Having in the preceding paragraphs dealt with the cause of the outbreak of fire and the circumstances attending it, reference may now be made to the loss caused by it.

9. There has most unfortunately occurred the loss of the lives of eight men, four of whom were Palace servants and the other four outsiders. All of them were helping to put out the fire or to remove property, each voluntarily doing what lay in his power. Six were killed on the spot by flame or by being caught under the falling débris and two died after treatment in Hospital. Her Highness the Maharani-Regent has been pleased to compensate the families of the deceased individuals by means of liberal money presents and pensions.

10. The Palace Buildings cover an area of 152,968 square feet. Of this 30,054 square feet have been destroyed, namely :—

1. The Sajje or the front portion and the three storeys rising above it to the gold Kalasa.
2. The Sanskrit Library, Armoury and Organ Room with the verandah in front forming the northern side of the Central Courtyard.
3. The Verandah forming the western side of the said Courtyard.
4. The Balakhana forming the southern side of the said Courtyard.
5. The Ambavilas which adjoined the Balakhana on the south of it.

Nos. 1 to 4 above were old buildings which for some time past had been intended to be re-built. The Ambavilas is the new Darbar Hall of which the wood-work has been destroyed, leaving the walls, roof and the stone and iron frame-work standing.

11. The portions of the Palace which have been destroyed were those used for Public Darbars and State functions. The dwelling apartments have not suffered.

12. The whole of the Palace Jewels have been saved including those secured in the Palace Jewel Room and the unusually large and valuable collection which had remained outside in the *Mardana* and *Zenana* Departments for use in connection with the recent marriage. A Jewel from the last named collection having been traced by the Police to a Palace servant (who apparently had purloined it when being carried along with others in an open tray from the

Zenana apartments to the Karikal Totti), a special examination of the whole of the Palace Jewellery was ordered, by a Committee composed of the Officers named in the margin, the programme laid down for their guidance being to make in the first place an immediate examination of the whole of the Jewellery in order to ascertain that every Jewel is forthcoming, and afterwards to examine each Jewel in detail and to make a final assortment of the whole for future convenience. The examination of the Jewels by the Committee in accordance with the above instructions commenced on the 5th March 1897, and the Proceedings of each day's examination from the 5th March to 6th April 1897 have been duly recorded and submitted to Her Highness. The Committee have already carefully inspected the whole of the Jewels and are now engaged in the work of general cataloguing and final assortment. No Jewel whatever is found missing, with the trifling exception of the marginally noted articles forming parts of the gold *pan-dan* set which used to be kept in the Ambavilas and which with the whole of the *Mardana* Jewels and other valuables had to be removed, under particularly difficult circumstances to the adjoining Krishna Temple when the fire attacked the Ambavilas.

13. The whole of the Royal Wardrobe and other removable valuables have also been saved.

14. And it is a matter for sincere congratulation that the ancient Throne of Mysore and the celebrated *Vairamudi* (diamond crown) of Melkote, held in such high veneration throughout India, besides the Mudies of other temples have all been completely saved.

15. The most important part of the loss is the Manuscript Sanskrit Library which, along with the Armoury and Organ Room, was attacked by the flames at a very early stage of the conflagration, and which therefore it was found impossible to save. The Sanskrit works lost, it is reported, can all be replaced by new copies, but the value of the collection was in the great antiquity of the manuscripts themselves. The contents of the Armoury and Organ Room have been partly saved, and some of the arms recovered from the débris seem to be capable of restoration in some form.

16. Orders have already been issued to the D. P. W. for the preparation of a suitable design for the reconstruction of the portions of the Palace which the fire has destroyed, with the instruction that, in the reconstruction, stone, brick and iron should be the chief materials used, avoiding the use of wood or other combustible material wherever possible. The D. P. W. has also been instructed to devise if possible some suitable pavilion of non-combustible materials to cover the entire Central Courtyard so as to obviate the need for a temporary construction of the kind which took fire on the 28th February, on any future occasions of marriage and other festivities. It is hoped that the Chief Engineer will be able to expedite the construction of the above works, so as to permit of their use during the Dassara of 1898. The works above described will be charged to the D. P. W. Budget of the State, and full allotment of funds for them will be made during the current and the next official years.

17. Her Highness the Maharani-Regent has already been pleased to express, by means of a public Notification, Her heartfelt thanks as well for messages of sympathy received from all quarters, as for help from Officers of the State and from others and from persons of all conditions of life, who so readily came forward each to do what lay in his power to put out the fire or to save

the property. Her Highness takes this opportunity of offering Her warmest acknowledgments to Colonel Donald Robertson, the British Resident, whose kind sympathy and valuable help have been of special comfort to Her.

18. In conclusion the Government offers its best thanks to the Members of the Committee appointed to investigate the cause of the fire for the complete and excellent manner in which the work entrusted to them has been done.

CAMP NO. 65 D., DATED MYSORE, 2ND APRIL 1897.

ORDER.—Government are pleased to direct that in such tracts in the Kolar, Tumkur and Chitaldrug Districts as have suffered most from the scanty rain-fall of the past season, one-half the assessment for the current year (1896-97) on *wet* lands, *i. e.*, lands classed as "rice" under tanks, be remitted, provided that such lands have, owing to the absence or failure of water in tanks, either actually lain waste or yielded no crop, though cultivated. The Deputy Commissioners, in giving the needful instructions to Jamabandi Officers and Amildars to carry out the above order, must make it clearly known to them that the concession of remission granted as above, is only in respect of lands of which the source of irrigation is an ordinary rain-fed tank and not a river channel, or tank fed by such channel, or by well, spring or other such source. The Government trust that local officials will take special care to ensure the concession being strictly restricted to cases in which the lands could not be cultivated, or being cultivated, yielded no crop owing to the tank having received no supply of water, or to the scanty supply it received having been found insufficient.

2. The concession above directed is not reported to be required throughout the Districts above named or even throughout whole taluks in those Districts. It is most required for the undermentioned Taluks:—

1. Mulbagal.
2. Chintamani, including Srinivaspur Sub-Taluk.
3. Bagepalli, including Gudibanda.
4. Sira.
5. Challakere.
6. Hiriyur.
7. Molakalmuru.

The Deputy Commissioners will accordingly begin by dealing with these taluks, and afterwards extend their operations if necessary to taluks more to the west and south, the principle of extension being the failure of wet crops over a large area. The Deputy Commissioner should report from time to time the effect which is being given to these orders, and the Deputy Commissioner of Tumkur in particular should at once report to what taluks in the north of his District other than Sira an immediate application of the concession is called for.

3. Water rates for the use of the tank water, where not incorporated with the wet assessment, should be altogether remitted under the conditions above laid down as regards lands assessed as wet.

4. The remission hereby granted should be at once published as widely as possible.

5. In carrying out these orders the Deputy Commissioners of the Districts concerned are requested to follow the instructions given under similar circumstances in the Government Proceedings noted on the margin.

CAMP No. 661—7, DATED MYSORE, 9TH APRIL 1897.

ORDER.—Very early arrangements are proposed to be made under which a literate Constable of the Railway Police will, at every Railway Station, meet every train from the North and with the help of the Station Master or Ticket Collector, ascertain the name and address at destination of every person whose ticket shows him to have come from an area infected with the Bubonic Plague and who alights at the Station at which he is on duty. This Constable will furnish a Mysore official on the spot with the names and addresses of travellers who thus alight. The official to whom information is thus given will have to take all further needful action such as communicating that information to higher authorities and watching the movements of the travellers concerned. The best and most expeditious arrangement seems to be for a Constable of the Mysore Police to meet every train from the North at each Station and receive the above information from the Railway Constable.

2. The Deputy Commissioners of the marginally noted Districts are accordingly requested to submit at a very early date for communication to the Residency a complete list of the Constables or other officials, village or otherwise, to whom the Railway Constable at each Station should report the names, addresses, &c., of the passengers above referred to. It is hoped that the arrangement under contemplation will be satisfactorily carried out with the aid of the existing agency and without involving any additional heavy cost to Government.

Letter No. 711, dated 23rd March 1897, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

I have the honor to submit herewith a concise report on the working of the Government Eye Infirmary drawn up at my request by Mr. S. V. Ramaswamaiengar, the Medical Officer in charge, howing the work done during the four months that it has been in existence.

From the report it will be seen that so far the institution has proved a success and I have every reason to believe that as time goes on it will steadily increase, both as regards numbers treated and popularity. That it is a want that has been really long felt goes without saying.

To ensure the dispensary, or out-patient department being a success, it is very necessary that it should be in as central a portion of the town as possible, and I am of opinion after careful personal investigation that the quarters in the Taluk Cutcherry at present occupied by the Taluk Cutcherry Municipal Dispensary are admirably adapted for the Eye Dispensary both as regards site and accommodation. The present Municipal Dispensary might with advantage be moved further eastwards as there is at present no dispensary in that part of the city that lies to the east of the main road running from the Ulsur Gate to the entrance of the Fort.

The Eye Infirmary Hospital should not, in my opinion, be maintained by the municipality but should be a Government institution. I have, therefore, the honor to request that Government will be pleased to make it a permanent institution from the 1st April 1897, the expenses incurred in connection with establishment, &c., being met from savings in the Medical budget. I have the honor in conclusion to request that Government will be pleased to accord early sanction to this proposal.

ENCLOSURES TO THE ABOVE.

Letter No. 48, dated 17th March 1897, from the Medical Officer in charge of the Government Eye Infirmary, Bangalore, to the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

In compliance with the Government Proceedings No. 5712-3—Mis. 1099, dated 18th November 1896, I have the honor to submit for your approval a concise report on the Government Eye Infirmary and the out-door dispensary connected with it. It may be gratifying to you to note that the statistics that accompany this distinctly show that the institution is a success. The number of sick treated and the major operations performed are daily on the increase, *vide* No. I and No. II of the statistics. These conclusively prove that the institution is gaining more and more confidence and popularity of the public and that a want, a really long felt one, has been supplied to the material comfort of Her Highness' subjects.

Having thus far shown the usefulness of the institution I now proceed to point out a few defects in it, which, I believe, ought to be remedied, as early as possible, to give the institution a permanance, to make it popular, and to extend its usefulness to all castes and creeds in the State. These are :—

1. The building in which the Eye Dispensary is at present located is too small to treat all those that seek admission daily, with comfort, ease and privacy. The room is 20 × 15 feet with only a single door (there is no other window or door for light or air) and just situated on the road, and it has to accommodate a dark room to examine the interior of the eye, an almirah and a compounding table to dispense medicines, a prescribing and an operation table and two benches. It is easy to imagine how very difficult it must be to treat 80 or 90 men, women and children in a short space of four hours in such a limited room. A more commodious place is absolutely necessary for the material comfort of the sick. In the Taluk Cutcherry such a place is available, but at present used as a Municipal Dispensary. I beg to state that as the number of sick treated

in it is smaller, a smaller place may do for it, and as it is equally central it would suit my purpose very well. The monsoons will be setting in soon and I request you to be good enough to procure it for the eye diseases as early as possible or else the sick people seeking help will suffer from wind and rain.

2. You will be pleased to see that the number of Brahmin in-patients has more than trebled in these four months.

There were in—(*vide* III of the statistics).

(2) December 1896	..	..	..	2

(4) February 1897	..	..	..	2
(5) March 1897	..	..	..	* 7 (up to 17th)

* Includes 2 cases other than cataract operations that were admitted into the hospital.

To treat these with comfort a Brahmin cook is absolutely necessary, as they, at present, undergo no end of privation on account of this.

3. When in January last the Lal-Bagh Lodge was given for the in-patients you were pleased to direct me to make all the necessary arrangements to treat 12 patients. I have 15 patients to-day and so I require a larger stock of bedding, clothing, &c. As the rainy season is fast approaching the Lal-Bagh Lodge may become damp; so cots will be required for the material comfort of patients. I solicit that these defects will receive your careful attention.

No. 11413-16—Mis. F. 18-96, DATED, BANGALORE, 19TH APRIL 1897.

ORDER THEREON.—Government are glad to find that the Eye Infirmary, temporarily opened in the Bangalore City under the authority of Proceedings No. 5712-3—Mis. 1099, dated 18th November 1896, has since been doing good work and is much appreciated by the public. Government are accordingly pleased to make it a permanent institution as recommended by the Senior Surgeon.

2. The Senior Surgeon's proposal to locate the Eye Infirmary in that portion of the Taluk Cutcherry which is now occupied by the Municipal Dispensary commends itself to Government and is therefore approved.

3. Government agree that this institution should be maintained wholly from Provincial Funds and that the municipality should not be called upon to contribute towards the cost of its maintenance. The municipality will accordingly be relieved, with effect from 1st April 1897, of the monthly payment of Rs. 18 ordered in Government Proceedings No. 8363-5—118-96, dated 23rd January 1897. With the money thus saved it is hoped that the municipality will be able to secure a suitable building for its dispensary in a convenient locality.

Letter No. 4058—932, dated the 15th April 1897, from the Deputy Commissioner, Kolar district.

With reference to Government Proceedings Nos. 4—D of 13th November 1896 and 45—D, dated 16th February 1897, sanctioning sums of Rs. 11,050 and 10,000, respectively, from Local Funds General for expenditure on drinking water wells, &c., I have the honor to submit copy of resolution passed by the Local Fund Board at a meeting held at Kolar on the 6th instant and to request that a further grant of Rs. 10,000 may be kindly sanctioned from the Local Funds General to meet the increasing demand for drinking water wells.

Out of the grants referred to above, allotments have been made, as per margin, for providing drinking water in different villages of the several taluks and all the sanctioned wells are likely to be completed. Fresh applications have been received for new wells to the amount of Rs. 11,344, as per statement enclosed, and all the cases are reported to be urgent. If we should be so fortunate as to have a few showers of rain within the next fortnight, the necessity for additional wells will disappear, but if the season should remain as hot and dry as at present, I am afraid that even the amount now applied for may be found inadequate.

No. 70—D, DATED, BANGALORE, 28TH APRIL 1897.

ORDER THEREON.—In the Proceedings of Government Nos. 4—D and 45—D, dated 13th November 1896 and 16th February 1897, respectively, a sum of Rs. 19,050 was sanctioned for the Kolar district on account of drinking water wells and Rs. 2,000 for village sanitation. In the letter read above, the Deputy Commissioner furnishes a statement showing that an allotment of Rs. 19,577-4-0 has been made for 98 drinking water wells and Rs. 1,090 for village conservancy in the several taluks of his district and requests sanction to a further grant of Rs. 10,000 to meet the increasing demand for drinking water wells.

2. If the money already sanctioned is being actually and properly spent and on the understanding that the Deputy Commissioner is prepared to cause work to be commenced on the 44 wells now proposed, the further grant applied for is sanctioned from Local Funds General for expenditure in the current year.

No. 11906-A.— MIS F. 35-96, DATED, BANGALORE, 30TH APRIL 1897.

ORDER.—The revision of District and Taluk Establishments has for some time past been engaging the attentive consideration of Government. The present scale, barring a few additions made from time to time in consequence of the creation of new special departments, was laid down more than thirty years ago, and has of late been found to be somewhat inadequate for the efficient and expeditious disposal of business in many of the offices concerned. The salaries too of these establishments were fixed at a time when the cost of living was considerably cheaper than at present, and when the work required of them was much less arduous and responsible than it is now. Government further observe that in the year 1879 there was a general reduction of these establishments owing to the then state of finances. The necessity for an early improvement in the direction as well of strengthening the present establishments as of giving them more liberal salaries, has now been made out to the satisfaction of Government. The Note read above indicates the main lines on which the Government are called upon to effect such improvement. Having given the requirements of the several offices concerned as reported in the papers read above their best consideration, Government are of opinion that the long contemplated revision should no longer be deferred and that immediate steps should be taken to make the District and Taluk services more efficient and attractive than heretofore. Government are accordingly pleased to sanction a revision of these establishments in the manner and to the extent noted below :—

2. *Deputy Commissioners' Office Establishments in the English, Treasury, Judicial, and Revenue Departments*—

(1) Generally speaking, these are strong enough for present requirements, and are also in receipt of liberal salaries, the only exceptions being the following :—

(2) The Head Clerk in the English Department is almost everywhere an official of long standing and some experience, who, by the very nature of the work he has always been accustomed to, has no other appointment to look to for advancement. His pay everywhere will therefore be fixed at Rs. 80—10—120.

(3) The Revenue Sheristadar's pay was the same as that of an Amildar of the last class, until the latter was raised to Rs. 150 in July 1895. It has now been considered desirable to give him an increase commensurate with the importance and responsibilities of his office. His pay will be fixed at Rs. 100—10—150. He will hereafter be called District Sheristadar, and as such he will be the head ministerial officer of the District Office with control over all departments under the Deputy Commissioner including the Judicial Department.

(4) The Judicial Head Munshi who is expected to be an official possessing some knowledge of law, is deserving of a small increase to his pay which will be now fixed at Rs. 50—5—70.

(5) The Vernacular Record Branch is an important one which requires at the head of it an official of some experience with progressive pay which will be fixed at Rs. 30—5—40.

(6) A Magisterial Clerk on Rs. 25 per mensem will be newly given to each Treasury Officer. When the Treasury Officer is not a Magistrate, the Deputy Commissioner may employ this Clerk on general duties in the District Office.

(7) For the Revenue Department of each of the eight District Offices, two new Clerks will be entertained, one on Rs. 25 and another on Rs. 20 per mensem.

(8) The pay of the Dafterbands in the Revenue Department in the Districts of Kolar, Tumkur, Hassan, Kadur, Shimoga and Chitaldrug will be raised from Rs. 5 to Rs. 6.

(9) The pay of the Dafterbands employed in the Judicial Department in all the eight Districts will be fixed at Rs. 6. The present Dafterband at Mysore will continue to draw Rs. 10, of which Rs. 4 will be treated as a personal allowance to be absorbed on the occurrence of the next vacancy.

(10) The menial establishment of the Treasury Department will be revised at an additional cost of Rs. 144 as shown in Appendix C.

3. *Sub-Division and Assistant Commissioners' Offices—*

(1) The head ministerial officer in each of the Sub-Divisions will be called Sheristadar, his pay being fixed at Rs. 50—5—70.

(2) An additional Clerk on Rs. 20 will be given to each of the Sub-Divisions of Closepet, Chikballapur and Sagar.

(3) The Mashalchi's pay in all the four Sub-Divisions and in the Bangalore City Magistrate's Office will be raised from Rs. 5 to Rs. 6.

(4) The sanctioned scale of clerical establishment for all the General Assistant Commissioners (except the 2nd General Assistant Commissioner at Shimoga to whom will be assigned an Extra Assistant's establishment) will consist of three officials on Rs. 50, 35 and 25, respectively.

(5) In the 1st General Assistant Commissioner's Office at Mysore, there is an official on Rs. 25 in excess of the scale thus prescribed. He must be otherwise provided for.

(6) In the General Assistant Commissioner's Office at Tumkur and in the 3rd General Assistant Commissioner's Office at Mysore, the Head and Deputy Munshis get Rs. 40 and Rs. 30, respectively, instead of Rs. 50 and Rs. 35 as per sanctioned scale. The amount thus saved has been given to an additional official on Rs. 15. Now that the number of Assistant Commissioners in every District has been raised with separate establishments, there is no need for the retention of this additional hand. He should be otherwise provided for and the sanctioned scale restored.

(7) The Mashalchi's pay in the Assistant Commissioners' Offices, will be raised from Rs. 5 to Rs. 6.

(8) The general increase of work throughout the Province recently necessitated an Additional or Extra Assistant Commissioner being attached to every District, but no fixed permanent establishment has as yet been provided for him. In Bangalore, there are two extra establishments costing Rs. 55 and Rs. 60, respectively, while in Mysore there is one costing Rs. 48. A small temporary establishment is also maintained in the Tumkur, Kadur, Chitaldrug and Hassan Districts, while there is none at all in the remaining two Districts. Government observe that every Extra or Additional Assistant Commissioner should have an

adequate establishment for his office, both clerical and menial, which will hereafter consist of—

4. *Taluk and Sub-Taluk Establishments*—

(1) *Taluks.*—The present scale of establishment for each Taluk, exclusive of Sheristadars, Shekdars and Peons who will be separately dealt with, is as follows—

(2) The above scale has been somewhat deviated from in some Taluks as shown below—

(*a*) *Bangalore Taluk.*—In this Taluk, the Head and Deputy Munshis get Rs. 25 and Rs. 20, respectively, and there are also five additional officials, namely, two Revenue Gumastas on Rs. 15, one Judicial Gumasta on Rs. 15, one Assistant Shroff on Rs. 10, and one Mashalchi on Rs. 5.

(*b*) *Shimoga Taluk.*—Has an additional Revenue Gumasta on Rs. 15 and an additional Judicial Gumasta on Rs. 15.

(*c*) *Manjarabad Taluk.*—Has an additional Assistant Nagadi Gumasta on Rs. 10 and an Assistant Shroff on Rs. 7 (the latter being in lieu of a Gollar on Rs. 5).

1. Nagamangala.	10. Gundlupet.
2. Malvalli.	11. Nanjangud.
3. Malur.	12. T. Narsipur.
4. Arsikere.	13. Heggaddevankote.
5. Hole Narsipur.	14. Honnali.
6. Arkalgud.	15. Pavagada.
7. Hiriyur.	16. Nagar.
8. Holalkere.	17. Jagalur.
9. Mudgere.	18. Molakalmuru.

(*d*) Of the Taluks named in the margin, Nos. 1 to 9 inclusive have one Revenue Gumasta less; and Nos. 10 to 18 inclusive have two officials less, namely, a Revenue Gumasta and a Deputy Munshi.

(*e*) In Manjarabad, Belur and Arsikere, the Mashalchis get Rs. 6 each instead of Rs. 5.

(3) With the expansion of cultivation and the developement of the material and other resources of the country, there has of late been a large increase of work in every Taluk office. The establishment throughout therefore requires to be somewhat strengthened and improved. For the purposes of Establishment, the Taluks in the Province will be divided into three classes- the I Class consisting of 17 Taluks, the II Class 21 Taluks, and the III Class 28 Taluks.

(4) To each 1st class Taluk will be given the following establishment:—

Designation of officials.	No.	Rate.			Amount.	
		Minimum.	Increment.	Maximum.	Minimum.	Maximum.
		Rs.	Rs.	Rs.	Rs.	Rs.
Head Gumasta	1	25	1	30	25	30

Total ...	19	..	...	...	238	297

	Min.	Max.
	Rs.	Rs.
* Cost ..	223	277
† Cost ...	211	262

(5) Each 2nd class Taluk will have *one Gumasta** less while each 3rd class Taluk will have *one Gumasta*† and *one Deputy Gumasta*‡ less than a 1st class Taluk. The Deputy Munshi of the Bangalore Taluk who gets Rs. 20 may continue to draw the same pay until otherwise provided for. There is also one superior official in that Taluk in excess of the scale now sanctioned. He should be otherwise provided for.

(6) By this arrangement, every Taluk in the Province gets the full strength referred to in sub-para (1) above; and in addition to that strength 17 Taluks will have four hands each, 21 Taluks three hands each, and the remaining 28 Taluks two hands each. As an incentive to hard and honest work, progressive salaries have been attached to all superior servants on the Taluk establishments.

(7) The above arrangement of Taluks into three groups has been made after careful consideration. The requirements of the several Taluks placed in each of these groups not being the same everywhere, Government apprehend that the continuance in its entirety of the present nomenclature of officials might in some Taluks lead to practical inconvenience. The Gumastas and Deputy Gumastas have not, therefore, been nominated to any particular branch of the Taluk establishment, but have been left to be utilized in such manner and for such work as the circumstances of each Taluk may require. It must be distinctly understood, however, that at least one of the Gumastas should be exclusively employed on Treasury work and another on Judicial work.

(8) The object of attaching a Dafterband to each Taluk is to assist the Record-keeper in sorting and maintaining the records in a more systematic and satisfactory manner than heretofore.

(9) There are now 15 Sheristadars in the 1st class on Rs. 50, and 51 in the 2nd class on Rs. 40. One-third of the total number of Taluk Sheristadars, *viz.* 22, will hereafter be placed in the 1st class with pay Rs. 50—2—60, while the remaining two-thirds, *viz.* 44, will be in the

2nd class on Rs. 40—2—50, these two classes of Sheristadars being distributed among the several Districts as follows:—

Districts.	No. in 1st Class.		No. in 2nd Class.	
	Present.	Revised.	Present.	Revised.
Bangalore	2	3	7	6
Kolar	2	3	7	6
Tumkur	2	3	6	5

Hassan	2	2	5	5
Shimoga	2	3	6	5
Kadur	1	2	4	3
Chitaldrug	1	2	6	5
Total ...	15	22	51	44

(10) A salary of Rs. 10 has long been regarded as insufficient for the office of Shekdar and, under orders from time to time given, this class has altogether ceased to exist in the Kolar District, and its number in the Shimoga, Kadur, Chitaldrug and Hassan Districts has been very largely reduced. The class will now be entirely abolished and the present number of Shekdars will be placed in three classes on Rs. 25, Rs. 20 and Rs. 15, respectively, as shown below:—

Districts.	1st Class on Rs. 25.	2nd Class on Rs. 20.	3rd Class on Rs. 15.	Total.
	No.	No.	No.	No
Bangalore	7	13	55	75
Kolar	9	21	33	63

Chitaldrug	4	9	18	31
Mysore	10	21	69	100
Hassan	7	16	24	47
Total ..	60	120	278	458

(11) There is reason to believe that in a few places the Shekdari charges are inconveniently large, while in many others they are much too small. A proper re-arrangement of these charges is desirable, and will soon be taken up by Government in communication with the Deputy Commissioners.

(12) Owing to the anticipated reduction in the number of Shekdars, Government do not now propose to sanction any increase to the number of Peons on the Taluk establishments. They however consider that an increase of pay is desirable in the case of a large proportion of the existing Peons. A salary of Rs. 5 and under

for peons being wholly insufficient, this class will be abolished and a redistribution of peons made as hereunder :—

Districts.	Number on—				Total number.

Total ...	16	117	414	1,259	1,806

(13) *Sub-Taluks.*—Of the 12 Deputy Amildars, the one at Seringapatam has at present no separate establishment. The establishment allowed to the other Deputy Amildars is so small that it does not enable them to cope satisfactorily with their work. Each Deputy Amildar has under him three Peons who are included in the number mentioned above and who will continue to be attached to him. The rest of the establishment costs from Rs. 35 to Rs. 58.

The Sub-Taluks will now be divided into two classes as shown below :—

	No.
1st Class	4
2nd Class	8
Total ...	12

(14) Each 1st class Sub-Taluk will have the following establishment :—

		Rs.	Rs.	Rs.	Rs.	Rs.

*Cost...	71	84

(15) Each 2nd class Sub-Taluk* will have the same establishment as a 1st class Sub-Taluk less 1 Gumasta.

(16) *Malnad Allowances.*—The conditions of residence in Malnad and Semi-malnad tracts being peculiarly disadvantageous owing to costliness of living and unhealthiness of climate, the following allowances will be given to Taluk and Sub-Taluk establishments—

(*a*) ***Malnad Taluks and Sub-Taluks***—

	Rs.
Sheristadar	5
Head Gumasta	3
All other officials of the Clerical Establishment and all Shekdars each	2
Menial Establishment each	1

(*b*) *Semi Malnad Taluks and Sub-Taluks*—Half the above rates (Appendix L)

5. The increments now sanctioned in respect of a large number of appointments included in the revision are annual and can only be earned by approved service. The present holders of such appointments will at once be given an increment for every year of approved service already rendered. Those already receiving higher salaries than the minimum pay now attached to their offices will be dealt with likewise as regards increments to be at once given over and above their present salaries. Taluk Head Gumastas whose minimum pay has been raised by Rs. 5 will get no immediate increment.

6. The temporary grants sanctioned in Proceedings No. 16928-36—G. 3368, dated 6th April 1894, read above, will be withdrawn, the officials paid therefrom being otherwise suitably provided for when the revised scale now sanctioned is brought into force which will be from 1st May 1897.

7. The financial effect of the present revision is a net increase of cost amounting to Rs. 84,438 rising to Rs. 1,49,730 per annum, as shown below :—

	Rs.		Net Increase. Rs.	
I. Deputy Commissioners' Offices ...	477	rising to	1.437	
II. Sub-Division and Assistant Commissioners' Offices	852	ditto	932	
III. Taluk and Sub-Taluk establishments	5,902	6,697½ ditto	10.303	11,098½
Ditto Malnad allowance ...	795½		795½	
(Approximate cost).				
Total ...	8,026½	ditto	13,467½	
For 12 months ...	96,318	ditto	1,61,610	
Deduct cost of Temporary establishment to be done away with ...	11,880		11,880	
Net Increase ...	84,438	ditto	1,49,730	

8. Government are in hopes that the liberal scale of establishments and of salaries now sanctioned will conduce to the greater efficiency of District and Taluk administrations and to the better encouragement and reward of merit than has been found possible in the past.

9. The Deputy Commissioner of Shimoga has made some special proposals as regards the strengthening of the Sayer Establishment. These proposals cannot, in the absence of further information, be conveniently dealt with in connection with the present scheme, and should, therefore, form the subject of a separate reference with a proposition statement. Likewise, the Maramat Establishment, both clerical and executive, which certain Deputy Commissioners have asked for, will be reserved for future consideration.

Proceedings of the Government of Mysore,

READ:—

Report on the Administration of Jails of the Mysore Province during 1895-96, submitted by the Inspector General of Prisons with his Registrar's letter No. 331—J., dated 22nd October 1896.

No. 11079—J. 1258, DATED, BANGALORE, 9TH APRIL 1897.

ORDER THEREON.—The prison population of the year under report was 8 per cent less than that of the previous year. The total number of prisoners who remained in custody on 30th June 1895 in the three jails and 29 lock-ups of the Province was 807, being 758 males and 49 females. Adding to this 5,284 males and 257 females incarcerated during the twelve months which ended on 30th June 1896, the aggregate number was 6,348, the total in the previous year having been 6,497. Owing to this decrease of 149 prisoners, the daily average fell from 900 to 863 prisoners.

2. There was ample accommodation in all the jails and lock-ups except at Sorab (Shimoga district) where arrangements have been made to provide an additional ward in the Taluk Cutcherry. The lock-up building at Chikmagalur is reported to require repair.

3. The 6,348 prisoners referred to in the para 3 included 3,106 under-trial prisoners, 69 civil prisoners and 3,173 convicts. Excluding 5,555 prisoners transferred, released, &c., there remained at the close of the year, 89 prisoners under trial, 8 civil prisoners and 696 convicts, in all 793 as against 807 of previous year.

4. Out of 5,555 prisoners discharged from all causes 61 or 1·09 per cent were civil prisoners, 3,017 or 54·3 per cent under-trial prisoners and 2,477 or 44·5 per cent convicts. Under the new mark system and ticket-of-leave rules 118 prisoners or more than 5 per cent of the total number of convicts were released. It is noted with satisfaction that these rules afford an incentive to good conduct in prison.

5. Four prisoners escaped during the year as against two of the previous year. Three have been re-captured and one is still at large.

6. There was considerable increase in the number of fever cases which accounts for the increased death-rate and also for the larger number of admissions into the hospital. Four hundred and eighty six convicts and 37 under-trial prisoners, or about 8 per cent of the total jail population, were so admitted, and the daily average number of sick was 13·18 among convicts and 1·76 among the under-trial prisoners as compared with 12·842 and 1·05 of previous year. There were six deaths; two in the Bangalore Central Jail, three in the Mysore Jail and one in the Kadur Lock-up as against four in the previous year. There was no mortality among the under-trial or civil prisoners.

7. Out of 696 convicts that remained at the close of the year 660 or 94·8 per cent were males and 36 or 5·17 per cent females. No Europeans or Eurasians were imprisoned during the year. As usual, the agriculturists and laborers formed the majority of the jail population.

8. The statistics furnished as to nature of punishments awarded show no great variations between the figures of the past two years. The number of persons sentenced to various terms of imprisonment was 537 as against 546 and the number sentenced to transportation for life was 159 against 164 of previous year. Simple imprisonment was awarded in 10 cases, rigorous in 679 cases and whipping in 7 cases as compared with 13,692 and 5 cases, respectively, of previous year.

9. The number of re-committals increased from 144 to 163. There were, among them, five females and five juveniles. The number of juveniles received during the year was the same as in previous year, namely 20, of whom one was a female. The report is silent as to their labor or treatment. This omission should be supplied in future reports.

10. As regards offences committed by prisoners, the statistics for the year do not show any improvement. Notwithstanding the decrease in the Jail population the number of offences against Jail Rules was 279 as against 280 of previous year. There were two cases of theft in the Bangalore Central Jail and one of assault in the Mysore Jail. The ratio of punishments inflicted rose in the Central Jail from 56·19 to 64·17 and in the Mysore Jail from 8·8 to 14·9. It is, however, satisfactory to learn that in the Shimoga Jail, where the prison population increased by 12 per cent, the ratio of punishments fell from 15·09 to 7·55. The Government are also glad to note that in the subsidiary jails or lock-ups there was no occasion to enforce discipline by awarding any punishment.

11. Notwithstanding the difficulty experienced in the education of convicts, which must be kept entirely subordinate to jail discipline, instruction in reading and writing was imparted in the Bangalore and Mysore Jails, and, out of a daily average of 575 males and 39 females, the number under instruction was 144 males and 18 females, a proportion which was much the same as during the preceding year.

12. It is observed that notwithstanding the decrease in the Jail population in Bangalore and Mysore, there has been no corresponding decrease in the ratio of prison officers employed.

13. Out of a daily average strength of 715 prisoners under sentence of labor on working days, 37 or more than 5 per cent were sick and infirm and the remaining 678 prisoners were employed as shown under :—

226 or 31·6 per cent on unremunerative labor ;
192 or 26·85 per cent on prison duties ;
60 or 8·39 per cent on gardening ; and
200 or 27·97 on manufactures.

It would be useful if, in future reports, some detailed information were given as to the estimated value of the unremunerative labor for which no money charge is allowed, and also as to the number of prisoners employed in the Jail Printing Department and the value of work executed.

14. It was only in the Bangalore and Mysore Jails that manufactures were carried on, and as against a sum of Rs. 12,425-10-9 drawn from the Treasury, the amount re-paid was Rs. 27,730-12-9, leaving a net cash profit of Rs. 15,305 which was less than that of the previous year by Rs. 644. The profit would have been more if there had been a speedy sale of the manufactured articles, of which there remained at the close of the year an unusually large stock valued at Rs. 5,187-6-3 as against Rs. 2,810-11-6 of previous year. The outstandings due to the Jails were also heavy, being Rs. 5,602-8-1 as against Rs. 2,977-13-10. It is desirable that steps should be taken to recover speedily the large outstandings and also to effect as large sales as possible of manufactured articles on hand before the close of each year.

15. The gross cost of maintenance of the prisoners in all the Jails and Lock-ups during the year amounted to Rs. 88,735 as against Rs. 94,737 in the previous year and the cost per head of each prisoner amounted to Rs 102-12-1 or Rs. 2-8-1 less than in the previous year.

16. The results above sketched indicate that the Jail Administration of the Province during 1895-96 was, on the whole, satisfactory, that there was maintenance of good order and discipline in all the Jails and Lock-ups, that the health of the prisoners was generally good, and that there was some increase in remunerative prison labor.

Report on the operations of the Registration Department in the Province of Mysore for the year 1895-96, submitted by the Inspector General of Registration with his letter No. 336, dated 2nd December 1896.

No. 11080—J. 1259, DATED, BANGALORE, 9TH APRIL 1897.

REVIEW THEREON.—There has been a steady advance in registration during the past seven years. The statistics for 1895-96 show that the total number of deeds registered was 44,230, being 1,256, or nearly 3 per cent more than that of the previous year. The aggregate value of the property transferred or affected by registration rose from Rs. 1,13,60,893 to Rs. 1,35,74,531. The value of immovable property transferred has increased by Rs. 23,21,397, while there has been a slight falling off in the value of documents affecting movable property to the extent of Rs. 1,07,759. The number of optional registrations, however, amounted to 16,329 or more than 36·9 per cent of the total registrations.

2. Judging from the figures given districtwar, more than 55 per cent of the deeds registered belonged to the Mysore and Bangalore districts. The number of Sub-Registry offices presided over by salaried incumbents rose from 15 to 20.

3. There is a noticeable increase in the number of wills registered from 203 to 263.

4. Registration has been largely availed of also in the transfer of revenue registry. There were 3,231 applications against 3,034 received by registering officers and forwarded to the Revenue Department.

5. The number of documents refused registration on various grounds was 382 against 388 of previous year.

6. There were 22 appeals, and in 18 of them registration was ordered. There were two prosecutions for false personation, one in the Bangalore district which resulted in the conviction of the accused and the other in the Mysore district in which the accused was acquitted for want of sufficient evidence.

7. With the increase in the number of documents registered, the receipts of the department also increased. They amounted to Rs. 1,04,089-13-2 against Rs. 95,652-4-8 of the previous year. Deducting charges of establishment, aggregating Rs. 49,563-9-0, there was a clear profit of Rs. 54,526-4-2.

8. Out of 79 Sub-Registry offices, only 55 were inspected, five by the Inspector General and fifty by District Registrars, leaving 24 offices uninspected. It is only by frequent and thorough inspection of the Registration offices that a strict observance of the rules of the department can be secured and expeditious disposal of business enforced.

9. The necessity for providing suitable office accommodation for Sub-Registry offices, referred to in para 20 of the Report, should form the subject of a separate communication, which the Inspector General is requested to make with definite proposals as to the actual requirements of the department.

Letter No. 211, dated 25th March 1897, from the Senior Surgeon in charge of the Lunatic Asylum, Bangalore.

I have the honor to inform you that a female lunatic sent by the Extra Assistant Commissioner and 1st Class Magistrate, Tumkur, with his warrant and statement, dated 10th instant, was brought to the Asylum almost naked, with only a small piece of rag round her loins. She was further accompanied by only one police constable instead of two as usual.

When a female, especially insane, has to be sent in charge of the police, it is essential that special arrangement should be made to ensure her being taken without harm and decently clothed.

I have the honor, therefore, to request the favor of necessary orders being issued on the subject to the various Magistrates in the province.

No. 11131-40—J. 1261, DATED, BANGALORE, 10TH APRIL 1897.

ORDER THEREON.—The foregoing letter will be communicated to District Magistrates with the observation that female lunatics should be sent to the Asylum decently clothed and in proper custody.

Correspondence ending with letter No. 4868—203, dated 17th March 1897, from the Registrar of the Chief Court of Mysore :—

Adverting to your letter No. 7129—J. 804, dated 18th December 1896, enquiring, with reference to Rule of Practice No. 89, dated 15th idem, authorizing the refund of unexpended process fees in money, what should be done with the unused stamps in respect of which refunds are ordered, I am directed to state that such stamps, duly punched and cancelled, may be sent attached to the refund orders issued to the Treasury Officer to be destroyed by him after satisfying himself that the value of the stamps is equivalent to the money paid. The Comptroller may be instructed by Government to authorize all the District and Taluk Treasury Officers to receive and destroy the stamps as suggested.

2. A draft addendum to the Rule of Practice in question is herein enclosed for the approval of Government.

IN THE CHIEF COURT OF MYSORE, BANGALORE.

CIVIL SIDE.

Addendum.

The 17th day of March 1897.

The Chief Court directs that the following clause be added to para 1 of the Rule of Practice No. 89, dated 15th December 1896, after the word "situated." :—

"the unexpended stamps duly punched and cancelled being attached thereto as vouchers for the money refunded."

No. 11146-7—J. 1265, DATED, BANGALORE, 12TH APRIL 1897.

ORDER THEREON.—The proposed addition to the Rule of Practice is approved.

Letter No. 114, dated 21st February 1897, from the Inspector General of Registration and Registrar of Joint Stock Companies, submitting for approval a set of draft rules proposed to be issued under Section 220 of the Mysore Companies Regulation III of 1895.

No. 11660-69—J. 1335, DATED, BANGALORE, 26TH APRIL 1897.

ORDER THEREON.—The following draft Rules are approved and ordered to be duly published and enforced.

NOTIFICATION.

Under the provisions of clauses (*b*) and (*c*) of Section 220 of the Mysore Companies Regulation No. III of 1895, the Government of Mysore are pleased to direct that the following rules be observed for the discharge of the duties of the Registrar of Joint Stock Companies and with regard to the fees to be charged for the inspection of documents and grant of certified copies.

I. *Registrar to scrutinize all Documents before Registration.*—The Registrar shall personally scrutinize the Memorandum of Association and the Articles of Association of any Company applying for registration and the other documents which are required to be forwarded by any registered Company; and he shall satisfy himself that they are in conformity with the provisions of the law before he registers them.

II. *Register of Companies.*—He shall keep a book to be called "The Register of Joint Stock Companies." In this Register he shall enter the names of the registered Companies in the order of their registration and he shall number each Company consecutively.

One page in the Register shall be allotted to each Company until another page is required.

Under the name of each Company the Registrar shall enter a note of every registration effected or record made relating to the Company; and he shall affix the date of each registration and his signature thereto.

From and after the 1st July 1897 the numbers assigned to the Companies thereafter registered shall be in a consecutive series commencing and terminating with each official year.

An alphabetical index shall be kept of the Companies registered.

III. *Certificate of Incorporation.*—The Registrar shall give to every Company registered a certificate of incorporation in the following form :—

CERTIFICATE OF INCORPORATION.

No.

I hereby certify, pursuant to the Mysore Companies Regulation No. III of 1895, that the (*here enter the name of the Company*) is incorporated as a Company under the aforesaid Regulation. (*In the case of a limited Company the following words shall be added :*) "and that the said Company is limited".

(*Signature*)

Bangalore, *Registrar of Joint Stock Companies in Mysore.*

Dated

The Registrar shall at the same time enter a copy of such certificate on the Memorandum of Association of the Company concerned which shall be lodged in the office of the Registrar.

The documents of each Company shall be placed together and kept separate and distinct from the documents of other Companies.

IV. *Endorsements on Documents registered.*—On every document registered the Registrar shall endorse the following particulars :—

1. The number borne by the Company on the Register;
2. The name of the Company;
3. The name of the document;
4. The date of registration;

and he shall affix his signature thereto.

When a document is registered the Registrar shall intimate the same to the Company.

He shall also grant a receipt for all fees paid.

V. *Fees.*—The Registrar shall keep an account of the fees received and shall remit the same to the State Treasury on the day on which they are paid to him; or, if paid too late for that day, he shall remit the fees to such Treasury on the following day. The account so kept shall be audited by the Comptroller or such other officer as may be appointed or authorized in that behalf.

VI. *Annual Report.*—The Registrar shall submit an annual report to Government of the administration and working of his department together with a statement in detail of the fees realized.

VII. *Inspection.*—The Registrar will ascertain, from time to time as may be necessary, either personally or by deputing one of his clerks, whether the provisions of Sections 63, 64, 65, 69, 74 and 79 of the Mysore Companies Regulation No. III of 1895, are duly observed.

VIII. *How Cases of Default of the Provisions of the Regulation to be dealt with* —Whenever any case of non-compliance with the provisions of the Regulation comes to the knowledge of the Registrar, he should communicate the same to the Magistrate of the District in which the registered office of the Company is situated for necessary steps being taken for the recovery of the prescribed penalties.

IX. *Application for Inspection or Copies of Documents.*—The Registrar shall provide a room wherein a person applying for the inspection of a document may sit at a table and inspect it under the supervision of the Registrar.

X. Persons applying for inspection and certified copies of documents must apply to the Registrar at his office at office hours.

XI. *Defective or Incomplete Documents.*—It shall be the duty of the Registrar to return to Companies concerned, for the purpose of being amended, any documents received by him in a defective or incomplete form, such as a balance sheet unaudited, a special resolution of a Company in manuscript instead of in print, or a document in which the prescribed formalities have not been complied with.

XII. *Fees.*—The following shall be the table of fees to be charged by the Registrar for inspection of documents, and granting of certified copies :—

	Rs.	a.	p.
An inspection of the documents kept by the Registrar	1	0	0
Certified copy of a certificate of the incorporation of any Company...	3	0	0
Certified copy of extract of any other document or any part of any other document, each 100 words	0	2	0

By Order,

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Inspector General of Registration and Registrar of Joint Stock Companies in Mysore.
The Comptroller to the Government of Mysore.
The Deputy Commissioners of Districts.

Letter No. 974—108, dated 16th September 1896, from the Inspector General of Police in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

The Government in their Proceedings No. 162—171, dated 17th April 1896, were pleased to raise the pay of constables by one rupee. This, however, was only one of the measures recommended in my letter No. 1585—133, dated 22nd November 1894, for improving the status and efficiency of the Police Force. A measure of equal importance and urgency is bettering the condition of Police officers of the lower grade, *viz.*, Jamadars and Dafadars, a class of officers as hard-worked as they are ill-paid.

The Dafadars are the station-house officers, and as such, the men who first handle a case; and it is well-known that the detection and final success in a case depend very much upon how it has been dealt with by a police officer at the inception.

The Dafadars are at present drawn exclusively from the ranks of constables, and, in the majority of cases, do not possess the necessary intelligence or literary qualification to make them efficient station-house officers. It has not been found possible, therefore, to invest them with all the powers of station-house officers, and the result is inconvenience to the public and loss of power involved in deputing Inspectors and Jamadars to take up work which elsewhere is done by station-house officers on the spot.

I think that raising the status of this branch of the service so as to attract better men cannot be put off any longer if the improvement in the results of police action which is noticeable in recent years is to be maintained.

In my letter No. 1585—133, dated 22nd November 1894, a printed copy of which is herewith forwarded for reference, I have entered into detailed proposals for placing the Dafadars and Jamadars on a better footing and giving them the designation of Head Constables and Sub-Inspectors, respectively. I have here only to say that on further consideration, the rates of pay as proposed in my letter seem to be far too low to meet the requirements of the case, and I would accordingly recommend the following rates as being more in keeping with those prevailing in the Madras Presidency.

As in Madras.		As in Mysore.	Now proposed for Mysore.
	Rs.	Rs.	Rs.
Head Constables, 1st Grade	25	13	20
Do 2nd do	20	11	15
Do 3rd do	16	9	12
Do 4th do	14	...	...

The two grades of Jamadars or Sub-Inspectors to get Rs. 30+8 and Rs. 25+8, respectively, against Rs. 20+8 and Rs. 15+8 at present.

I beg to submit herewith a proposition statement showing the financial results of the measure recommended, and solicit early orders of Government on the subject.

No. 11740-41—J. 1337, DATED, BANGALORE, 28TH APRIL 1897.

ORDER THEREON.—Government are pleased to direct that the pay of Police Jamadars and Dafadars in the province be increased by Rs. 5 and Rs. 3, respectively, as shown in the annexed statement. They observe that the grant of increases of pay to these officers to the full extent recommended by the Inspector General of Police is, under present circumstances, undesirable.

2. The proposal to change the nomenclature of these officers to Sub-Inspectors and Head Constables is engaging the attention of Government with reference to the existing rules and to proposed legislation on the subject.

Proceedings of the Government of Mysore.

READ :—

Docket No. 761, dated 18th February 1897, from the Deputy Commissioner of the Hassan district, submitting the District Fund budget estimates of the Hassan circle for 1897-98 together with a copy of the proceedings of the District Fund Board, dated 30th January 1897.

No. 11330-4—L. F. 258-96, DATED, BANGALORE, 17TH APRIL 1897.

ORDER THEREON.—The District Fund receipts for 1897-98 under all heads are estimated at Rs. 76,315 against Rs. 1,26,223 the actuals of 1895-96 and Rs. 79,230 the sanctioned estimate for 1896-97.

2. *I. Seventy six per cent of Local Cess.*—The estimate under this head is stated to have been based upon the jamabandi figures of 1895-96, and is passed.

		Rs.
1.	Actual balance on 1st July 1896 ...	1,16,306
2.	Estimated receipts for 1896-97 ...	79,230
	Total ...	1,95,536
3.	Estimated expenditure for 1896-97 ...	1,23,404
	Closing Balance ...	72,132

3. *Opening Balance.*—As per particulars given in the margin, the sum of Rs. 72,132 being the difference between the actual balance on 1st July 1896 and the estimated excess of expenditure over receipts for 1896-97, will, as proposed, form the opening balance for 1897-98.

4. *A. Public Works to be executed by Public Works Department.*—As the Board consider that the continuance of the enhanced mileage allotments for certain roads sanctioned temporarily for one year in para 3 of Proceedings No. 10603-7—L. F. 93-95, dated 16th March 1895, is necessary, the needful provisions, which are included under "II. Repairs," are approved.

5. The provision under "Reserve" should not have been taken into account in calculating the establishment charges, which will now be reduced from Rs. 12,300 to Rs. 10,507 at 17½ per cent on the estimates for original works and repairs

6. The provision for "Tools and plant" exceeds the proportion of one per cent on the expenditure on works allowable under the rules. It will stand, but should not be utilized pending explanation and confirmation.

7. *B. Public Works to be executed by the Revenue Department.*—The provision on account of establishment will be reduced from Rs. 1,210 to Rs. 1,030, which is one-tenth of the combined estimate for original works and repairs.

8. Under "Tools and plant" a sum of Rs. 250 is provided. This is in excess of one per cent, but is explained by the Board as needed for the purchase of measuring tapes, mathematical instruments, &c., for the use of Local Fund mestris. The provision is therefore allowed to stand.

9. *Civil Charges.—I. Office Establishment.*—The increased provision under this head is in accordance with Government Proceedings No. 3425-35—L. F. 12-92, dated 9th September 1896, and is passed.

10 *II. Medical Scholarships.*—The provision made for medical scholarships will be raised to Rs. 410, which is the correct amount chargeable to this Local Fund circle.

11. *Hospitals and Dispensaries.*—The allowance of Rs. 180 payable to the Hospital Assistant at Arsikere for visiting Banawar and Harnahalli has been properly excluded, as it is to be debited to the Medical budget under Proceedings No. 148-151—L. F. 27-93, dated 4th July 1896. The estimate provides for dieting charges in Local Fund dispensaries at the sanctioned increased rates and for

increases of pay to compounders. With regard to the latter, however, it is observed that the scale proposed in the present budget differs, as shown in the margin, from that sanctioned in the Government Proceedings of the 8th June 1896. The provision should not be utilized, pending explanation.

	As entered in budget. Rs.	As sanctioned in Proceedings of 8th June 1896. Rs.
Compounder	1 on 15	2 on 15
Do	1 on 12	1 on 12
Do	2 on 10	3 on 10
Do	9 on 8	4 on 8

12. *IV. Midwives.*—The increased provision under this head is on account of the salary, travelling allowance, &c., of the relieving midwife, and is passed.

13. *V. Sweepers for Travellers' Bangalos and Musafirkhanas.*—There is a decrease of Rs. 60 under this head owing to the pay of the sweeper for the Halebid lodge, which is situated on a provincial road, having been omitted from the present budget as chargeable to Provincial Funds; the allotment for purchase of vessels and for contingencies has been reduced from Rs. 265 to Rs. 225, and a provision of Rs. 216 newly made for the employment of sweepers for the marginally noted buildings. The entire estimate, as thus modified, is passed; but the appointment should not be given effect to pending separate reference and orders.

	Rs.
1 Alur Musafirkhana	72
1 Banawar	60
1 Chikanhalli Travellers' Bangalo ...	84
Total ...	216

14. *VI. Conservancy Charges.*—A provision under this head, which includes an estimate of Rs. 4,000 for the sanitation of rural parts at Rs. 500 per taluk and sub-taluk, besides Rs. 660 on account of sweepers for nine important villages, and the usual conservancy charges on the occasion of car festivals, is approved.

15. The remaining items call for no remarks and are approved.

16. The budget estimates of receipts and expenditure of the Hassan Local Fund circle for 1897-98 are sanctioned as per details given in the accompanying appendices, of which an abstract is given below:—

No. 11342-50—L. F. 216-96, DATED, BANGALORE, 17TH APRIL 1897.

ORDER THEREON.—The Deputy Commissioner of Mysore, having urged the necessity for raising the imprest amount held from District Funds by the Amildars in his district, the Deputy Commissioners of districts and the Comptroller were requested to state what imprest was allowed to each taluk, and whether it was sufficient or required to be increased. Their replies have now been received and read as above. The accompanying statement, which has been compiled therefrom, shows the existing and proposed imprests.

2. The Comptroller is in favor of granting all the Amildars of the province uniformly a sum of Rs. 300, as imprest, but the Deputy Commissioners have proposed varying grants in accordance with the probable requirements of each taluk.

3. Government are of opinion that imprests should be allowed to the extent noted in the last column of the statement referred to in para 1 above. Sanction is conveyed accordingly; and the Deputy Commissioners are requested to follow, in regard to these imprests, the instructions contained in the Comptroller's Circular printed with Government Proceedings No. 18727-37—L. F. 442-92, dated 4th May 1894, and to see, from time to time, that the imprests allowed do not exceed the average monthly expenditure.

4. The Kadur Deputy Commissioner's report shows that certain imprests are held by the Amildars in his district from Local Funds General. On this point, the practice elsewhere should be reported by the Deputy Commissioners concerned. The Comptroller will also favor Government with his opinion as to the possibility of allowing any imprest from a fund which does not belong to District Fund circles, but from which occasional grants are specially made according to circumstances.

READ :—

Docket No. 469, dated 28th January 1897, from the Deputy Commissioner of the Kadur district, submitting the District Fund budget estimates of the Kadur circle for 1897-98.

No. 11384-8—L.F. 260-96, DATED, BANGALORE, 19TH APRIL 1897.

RECEIPTS.

ORDER THEREON.—The District Fund Board estimate their income for 1897-98 at Rs. 55,546 against Rs. 57,390 the actuals of 1895-96 and Rs. 53,661 the sanctioned estimate for 1896-97. The estimate calls for no remark and is passed.

Opening Balance.—The estimate (Rs. 12,000) entered under this head will be raised to Rs. 13,848, which is the closing balance as entered in the supplemental budget sanctioned in Proceedings Nos. 10499-501—L. F. 95-95 and 10502-4—L. F. 95-95, dated 19th March 1897.

EXPENDITURE.

(3) *A. Public Works to be executed by Public Works Department.*—The provision made under "I. Original works" for a bridle path from the 16th to 33rd mile of the Badabudan Hill road will be omitted from the budget, pending orders on the Board's application for a Provincial grant on behalf of this work. The provision made under "II. Repairs" includes certain increased mileage allotments considered necessary for the proper maintenance of the marginally noted two roads. Pending the submission of a separate reference and the orders of Government thereon, the increase proposed will be retained.

Name of road.	Existing. Length.	Existing. Rate.	Existing. Cost.	Proposed. Length.	Proposed. Rate.	Proposed. Cost.
(1) Banavar-Sakrepatna	16	50	800	16	60	960
(2) Birur-Ajjampur	9	50	450	9	60	540
			1,250			1,500
			Increase Rs. 250			

(4) III. *Establishment.*—The provision under this head will be reduced from Rs. 5,785 to Rs. 4,297, which represents 17½ per cent on the sanctioned estimate for repairs.

(5) *B. Public Works to be executed by the Revenue Department.*—Though no provision has been made for works to be executed by Revenue agency, a sum of Rs. 240 is entered on account of the salary of the Work Inspector, sanctioned for the Tarikere taluk in Proceedings No. 11721-2—L. F. 379-92, dated 16th April 1896. The Deputy Commissioner is requested to report the necessity for the retention of the services of this official.

Civil Charges.

(6) *II. Medical Scholarships.*—It is not clear why no provision has been made on account of scholarships for students undergoing training for the grade of Hospital Assistant. A sum of Rs. 410 payable by the Kadur Local Fund Board for 1897-98 will now be entered under this head.

(7) III. *Hospitals and Dispensaries.*—The increases provided under this head are shown in the margin.

	Rs.
(1) Compounder—increase of pay to ...	328
(2) Increase of pay to toti at Sringeri	12
(3) Feeding charges for in-patients in Local Fund dispensaries	420
(4) Charge allowance to Hospital Assistant	60
Total	820

(8) *Item* 1.—The provision made under this head on account of the salaries of compounders does not correspond with the scale sanctioned in Proceedings No. 13250-1—Mis. 1962, dated 8th June 1896, as shown below :—

	As provided.	Provision according to sanctioned scale
1 Compounder	8 at Rs. 8	7 at Rs. 8
2 Do	1 at „ 10	2 at „ 10
3 Do	1 at „ 12	1 at „ 12
4 Do	2 at „ 15	2 at „ 15
	12	12

The provision will, however, be retained pending the submission of a statement showing the name of each dispensary and the salary to be allowed to its compounder without exceeding the sanctioned scale.

(9) Items 2, 3 and 4 have been already sanctioned by Government and the provisions made therefor will be approved.

(10) *IV. Midwives.*—The decrease under this head is due to the transfer to Mudgere of the midwife of Kadur, who was drawing Rs. 20 per mensem, and to the appointment in her stead of another on Rs. 15 per mensem. The provision is passed.

(11) *V. Sweepers for Travellers' Bangalos and Musafirkhanas, &c.*—The provision made under this head is for purposes noted below :—

		1896-97.	1897-98.
(*a*)	Salaries of sweepers, &c.	... 1,896	1,728
(*b*)	Maintenance of musafirkhanas	... 1,000	600
(*c*)	Vessels to musafirkhanas	... ...	455
(*d*)	Contingencies for musafirkhana including oil...	... ...	156
	Total ...	2,896	2,939

The decrease under "(*a*) Salaries of sweepers" is due to certain 3rd class bangalos having been transferred to the 1st class, the charges of which are debitable to the Provincial Funds. The Deputy Commissioner reports in the remarks column of Statement F that the Kotigehar musafirkhana, for which a watcher was sanctioned in Proceedings No. 1182-5—L. F. 95-95, dated 22nd July 1896, is looked after by the bangalo servants at Kotighar. If so, a report should be made as to whether the sanction therein accorded for the watcher may now be withdrawn. The other items are in accordance with sanctions already accorded by Government in Proceedings No. 10615-23—L. F. 103-95, dated 16th March 1896 and are allowed.

(12) Under "VI" there is a provision of Rs. 1,320 for "Permanent village conservancy charges." This, it is hoped, is calculated to secure the proper maintenance of the sanitation of large and populous villages in a methodical and satisfactory manner. Government would be glad if this important measure could be introduced into the other districts also of the province.

(13) The other provisions call for no remarks and are passed.

(14) The budget estimates under District Funds of the Kadur circle for 1897-98 are sanctioned as per details given in the accompanying appendices, of which an abstract is given below:—

			Rs.
(1) Opening balance			13,848

READ:—

Docket No. 838, dated 16th February 1897, from the Deputy Commissioner of the Bangalore district, *submitting* the District Fund budget estimates of the Bangalore Local Fund circle for 1897-98, together with an extract from the proceedings of the District Fund Board meeting held on the 3rd idem.

No. 11486-90—L. F. 253-96, DATED, BANGALORE, 22ND APRIL 1897.

ORDER THEREON.—The receipts of the Bangalore Local Fund circle for 1897-98 are estimated at Rs. 71,765 as against Rs. 72,824 the actuals of 1895-96, and Rs. 70,750 the sanctioned estimate for 1896-97.

2. *Opening Balance.*—The correct opening balance is Rs. 14,609 according to the supplemental budget sanctioned in Government Proceedings No. 8722-6—L. F. 88-95, dated 1st February 1897. This figure will now be adopted instead of the estimate of Rs. 6,309 given by the Deputy Commissioner.

3. *A. Public Works to be executed by Public Works Department.*—Under "II. Repairs" an increased provision of Rs. 150 has been made for the maintenance of the two marginally noted roads. The estimate is passed.

	Rs.
1 Road from Chikbanavar to railway station, 1 mile at Rs. 50	50
2 Ditto Kolar-Sompur road to Mellakota and Dodhejja ji, 2 miles at Rs. 50 per mile ...	100
	150

4. *B. Public Works to be executed by Revenue Department.*—The lump sum provision made under this head will be retained subject to details being furnished.

CIVIL CHARGES.

5. *II. Medical Scholarships.*—The increase of Rs. 166 over the sanctioned estimate for 1896-97 is said to be based on Government Proceedings No. 6106-16—L. F. 99-96, dated 26th November 1896. As shown in the margin, the correct provision on account of medical scholarships and fees is only Rs. 410, which will be adopted in the present budget.

				Rs.
10 Pre-collegiate students at Rs. 9 each per mensem				1,080
10 First year's	do	Rs. 10	do	1,200
5 Second year's	do	Rs. 10	do	600
3 Third year's	do	do	do	360
School fees for 18 students at Rs. 25 each per annum				450
			Total	3,690
Amount to be provided in the budget of each Local Fund circle				410

6. *III Hospitals and Dispensaries.*—The increase provided under this head is on account of the marginally noted items.

Increases.	Rs.
1 Feeding in-patients in Local Fund dispensaries ...	390
2 Yelahanka Dispensary	53
3 Allowance for cooking food for in-patients ...	240
	683
Decrease.	
Furniture reduced from Rs. 400 to Rs. 200 ...	200
Net Increase ...	483

Item 1, which is in accordance with Government Proceedings No. 5876-85—L. F. 112-95, dated 23rd November 1896, sanctioning Rs. 60 for dieting in-patients in each dispensary is passed; but item 3, which, under those proceedings, is included in *Item* 1, will be disallowed. As regards *Item* 2, the estimate is retained, subject to a report being submitted as to details and as to when the dispensary is likely to be opened.

The provision on account of the District Fund quota of the maintenance charges of the Branch Dispensary at Arlepete will be reduced from Rs. 500 to Rs. 411, which is the correct amount and which will be transferred to this head from "IX. Contributions."

7. *IV. Midwives.*—The net increase of Rs. 60 under this head is due to the provision made for a moiety of the pay of an additional midwife on Rs. 20 per mensem and to the reduction of the pay of the relieving midwife from Rs. 20 to Rs. 15. The necessity for an additional midwife has not been explained Pending information, the provision will stand.

8. *V. Sweepers for III Class Travellers' Bangalos and Musafirkhanas.*—Under this head, the usual provision on account of the bangalo at Channapatna, which has been raised to the II Class, has been omitted. The provision of Rs. 60 newly made for a care-taker for the musafirkhana at Nelamangala, in accordance with the District Fund Board's Proceedings of the 3rd February 1897, is approved, pending the submission of a separate reference in regard to his employment.

9. *VI. Conservancy and Sanitary Charges.*—The provision of Rs. 1,740, hitherto made under this head on account of sanitary charges in the several taluks, has been transferred to the head "B. Public Works to be executed by Revenue Department," on the ground that the works for which the provision is intended are properly chargeable to that head. The sum of Rs. 490, retained under this head, is for the salaries of sweepers employed for the conservancy of villages, cost of water-sheds, &c.

10. *VIII. Refunds.*—The provision newly made under this head is said to be on account of refunds of the sale proceeds of stray cattle. This item will be struck out as unnecessary, as the sale proceeds should be kept in deposit for three months from the date of sale and afterwards disposed of in the manner provided for in Section 18 of the Cattle Trespass Regulations.

11. *IX. Contributions.*—For reasons given in para 7 *supra*, the provision under this head will be reduced by Rs. 500.

12. The other items call for no remarks and are passed.

13. The budget estimates of the Bangalore Local Fund circle for 1897-98 will be sanctioned as shown in the accompanying appendices, of which an abstract is given hereunder:—

			Rs.
1.	Estimated opening balance		14,609
2.	Ditto receipts for 1897-98		71,765
3.	Total including balance		86,374

READ:—

Letter No. 1399, dated 12th March 1897, from the Deputy Commissioner of the Mysore district, submitting for sanction the District Fund budget estimates of the French Rocks circle for 1897-98 together with a copy of the District Fund Board's Proceedings of 27th February 1897 approving of the same.

No. 11574-8—L. F. 257-96, DATED, BANGALORE, 24TH APRIL 1897.

ORDER THEREON.—The income under all heads for 1897-98 is estimated at Rs. 42,745 against Rs. 42,688 the actuals of 1895-96, and Rs. 43,855 the sanctioned estimate for 1896-97.

2. *I. Seventy-six per cent of Local Cess.*—The estimate under this head is entered as Rs. 41,040 in the consolidated budget statement, and as Rs. 42,745 in Enclosure A. Pending explanation for the difference, the former figure, which is Rs. 582 in excess of the actuals of 1895-96 but Rs. 760 less than the sanctioned estimate for 1896-97, will be retained in the budget.

3. *Opening Balance.*—In lieu of the rough estimate of Rs. 17,666 a sum of Rs. 18,915, based upon the actual balance on 1st July 1896 according to the Comptroller's account, will be entered under this head.

EXPENDITURE.

4. *A. Public Works to be executed by Public Works Department.*—The provision under "II. Repairs" includes increased rates of mileage allotment for the following roads:—

	Existing.			Proposed.		
	Rate.	Length.	Allotment	Rate.	Length.	Allotment.
1. Mysore-Bangalore road *viâ* Kankanhalli.	27	50	1,350	27	90	2,430
2. Maudya-Nagamangala road.	16 9	35 30	560 270	25	50	1,250
3. French Rocks Station-Nellikere road.	35	100	3,500	35	125	4,375

The grounds for increase are stated to be increased traffic and the inadequacy of the present grant. But in the case of the Mysore-Bangalore road, the mileage rate was, in consultation with the Chief Engineer, fixed at Rs. 60 in Proceedings No. 10140-2—L. F. 92-95, dated 12th March 1897, and the estimate will accordingly be reduced by Rs. 810. The increase provided for the remaining two roads will be allowed to stand.

5. *III. Establishments.*—The provision under this head will be reduced from Rs. 4,939 to Rs. 4,797, which is 17½ per cent of the estimate for works as now reduced.

CIVIL CHARGES.

6. *I. Office Establishment.*—The provision under this head includes a new item of Rs. 36 for purchasing country stationery required for the use of the office. This will be retained subject to the submission of a report as to whether the stationery supplied for the Sub-Division office is not utilized for District Fund work also or whether it is separately obtained for District Fund work.

7. *II. Medical Scholarships.*—The provision under this head will be raised to Rs. 410, which is one-ninth of the cost of 28 medical scholarships and school fees for 18 students.

3. House rent of Krishnarajpete Dispensary	...	32
*Net Increase	...	392

8. *III. Hospitals and Dispensaries.*—The net increase of Rs. *392, provided under this head is due to the marginally noted increases and decrease.

(2) *Item* 1.—The increase proposed under this head will be retained, subject to the submission of a statement showing the name of each Local Fund dispensary in the two Local Fund circles of the district and the increase allowed to its compounder under Government Proceedings No. 13250-1—Mis. 1962, dated 8th June 1896.

(*b*) *Item* 2 will also be allowed to stand, subject to the submission of a detailed statement showing the articles of furniture required with the necessity therefor, and when the last supply was made.

(*c*) *Item* 3.—No provision is made for house rent on account of the Krishnarajpete Dispensary as it has been recently transferred to the old Taluk Cutcherry building.

(*d*) The provision made in the present budget does not include the increase of Rs. 35 in the dieting charges of each Local Fund dispensary, sanctioned in Proceedings No. 5876-85—L. F. 112-95, dated 23rd November 1896. As directed therein a sum of Rs. 245 will be added to the proposed estimate under this head.

(*e*) The provision made on account of contribution towards Her Highness the Maharani's Hospital is incorrectly given as Rs. 773, instead of Rs. 850 as per details given in the Mysore City Municipal Budget for 1896-97. This figure will be entered in the budget, and the total estimate under "III. Hospitals and Dispensaries" will be raised from Rs. 3,892 to Rs. 4,214.

READ :—

Docket No. 3105-775, dated 17th February 1897, from the Deputy Commissioner of the Kolar district, submitting the District Fund budget estimates of the Kolar circle for 1897-98.

No. 11562-6—L.F. 254-96, DATED, BANGALORE, 24TH APRIL 1897.

RECEIPTS.

ORDER THEREON —The receipts under all heads are estimated for 1897-98 at Rs. 77,220 as against Rs. 78,120 the actuals of 1895-96 and Rs. 77,500 the sanctioned estimate for 1896-97.

2. *I. Seventy-six per cent of Local Cess.*—The estimate under this head is given as Rs. 80,000 in Enclosure A, while the same is given as Rs. 72,000 in the consolidated budget statement. This discrepancy requires explanation, pending which, the latter figure, based upon the actuals of 1895-96, will be retained in the budget.

EXPENDITURE.

3. *A. Public Works to be executed by Public Works Department.*—The provision under "II. Repairs" includes increased mileage allotments for the marginally noted two roads. As these increased rates were only tentatively sanctioned for one year in para 4 of Government Proceedings No. 11597-601—L.F. 89-95, dated 14th April 1896, the usual rates alone will be allowed for the ensuing year and the present allotments reduced by Rs. 630.

	Rs.
(1) Kolar-Venkatagiri road, 25 miles from Rs. 50 to Rs. 60 ...	250
(2) Mulbagal railway feeder road, 19 miles from Rs. 80 to Rs. 100 ...	380
	630

4. *III. Establishment.*—The provision made on account of establishments for the supervision of works to be executed by the Public Works Department will be reduced from Rs. 7,700 to Rs. 6,444, which is 17½ per cent on the estimate for original works and repairs amounting to Rs. 36,827 as shown in the margin.

	Rs.
I. Original works ...	9,000
II. Repairs ...	27,827
Total ...	36,827

5. *Civil Charges.—I. Office Establishment.*—The provision under this head is passed, the increase therein being in accordance with Government Proceedings No. 3425-35—L.F. 12-92, dated 9th September 1896.

6. *Medical Scholarships.*—On account of the scholarships newly sanctioned, the provision under this head will be raised to Rs. 410 in the present budget.

7. *VII.—Hospitals and Dispensaries.*—The sanctioned provision for 1896-97 under this head is given as Rs. 4,691 in the consolidated statement, while the same is entered as Rs. 4,543 in Enclosure D. Greater care is expected to be bestowed in future on the preparation of the budget statements. The items, for which increases are provided under this head, are given in the margin.

	Rs.
(1) Increase of pay to compounders of Local Fund dispensaries.	288
(2) Dieting charges for feeding in-patients in Local Fund dispensaries	410
(3) Furniture	65
(4) Allowance to menial establishments of the Dowringpet dispensary	40
(5) Allowance to waterman of the Gudibanda dispensary ...	36
Total ...	839

8. *Item* 1—*Increase to Compounders.*—It is not stated why the increase of Rs. 128 in the pay of compounders, sanctioned in Government Proceedings No. 13250-1—Mis. 1962, dated 8th June 1896, has been raised by Rs. 288 in the present budget. Pending the submission of full and detailed explanation for this increase and of the explanation called for in para 4 of Government Proceedings No. 6761-5—L. F. 89-95, dated 12th December 1896, the increases proposed should not be utilized.

9. *Item* 2 is in accordance with Government Proceedings No. 5876-85—L.F. 112-95, dated 23rd January 1896, and is approved.

10. *Item* 3.—If the provision which has been made for furniture in the current year's budget has already been utilized or will be utilized before June 1897, the necessity for a similar provision in the present budget is not clear and needs explanation. Pending information the estimate will stand.

11. *Item* 4, which is in accordance with the sanction conveyed in Proceedings No. 5959-61—L.F. 173-92, dated 24th November 1896, is passed.

12. *Item* 5.—The provision newly entered on account of allowance to the waterman of the Gudibanda dispensary will be struck out, as it has not received the sanction of Government.

13. *IX. Contribution.*—The increased provision made under this head on account of one-third of the cost of construction of Local Fund dispensaries is sanctioned.

14. The total of Civil charges is wrongly given as Rs. 28,413 in Enclosure D instead of Rs. 28,555 as in the consolidated budget statement.

15. The provisions under the remaining heads call for no remarks and are passed.

READ:—

District Fund Budget estimate of the Shimoga Circle for 1897-98 together with the District Fund Boards' Proceedings of 30th January 1897, received with the Deputy Commissioner's No. 905-803, dated 2nd March 1897.

Letter from the same Officer No. 958—846, dated 15th March 1897, requesting, with reference to Government Proceedings No. 9977-8—L. F. 265-96, dated 6th March 1897, that a provision of Rs. 60, may be made in the District Fund Budget of Shimoga for the salary of a care-taker on Rs. 5, per mensem, for the musafirkhana and pond at Santebennur in the Channagiri taluk.

No. 11641-52—L. F. 259-96, DATED, BANGALORE, 26TH APRIL 1897.

ORDER THEREON.—The District Fund Board estimate their income for 1897-98 at Rs. 87,100, under all heads against Rs. 87,676 the actuals of 1895-96 and Rs. 1,45,216 the sanctioned estimate for 1896-97. This large decrease is mainly due to the fact that under "VIII. Grant-in-aid," a sum of Rs. 57,416, was credited from Provincial Funds in 1896-97 on account of expenditure incurred from the District Fund on the western malnad roads up to the year 1893-94, while no such receipt is expected in the ensuing year.

EXPENDITURE.

2. *A. Public Works to be executed by Public Works Department.*—Under "Original works", two different items of Rs. 1,500, have been provided for one and the same road as shown below which needs explanation :—

Item.	Description.	Estimate of work.	Provision made
2.	Metalling parts of Chitaldrug-Benkipur road ...	14,883	1,500
5.	Completing the metalling of the Chitaldrug-Benkipur road...	12,805	1,500

Pending the submission of the explanation called for the provision will stand. It is observed that the cost of the estimate for making a road between Mallur and Mahishi is given in enclosure B as Rs. 6,000, and in the Proceedings of the District Fund Board as Rs. 6,471. The latter will be inserted as the correct figure in the statement.

3. *II. Repairs.*—The provision made under this head includes increased mileage allotments for the marginally noted two roads, which the District Fund Board considers necessary, in view to annual repairs being carried out more extensively than at present. A separate reference should be submitted on this point; but pending orders thereon, the increase provided will be retained. It is observed that the sanctioned provision under this head for 1896-97 is given as Rs. 29,420 in the detailed statement, Enclosure C, and as Rs. 32,045, in the consolidated budget statement. Such discrepancies should in future be avoided and the figures given in the detailed statements made to correspond with the totals thereof entered in the consolidated budget statement.

Name of road.	Existing. Rate.	Length.	Amount.	Proposed. Rate.	Length.	Amount.
1. Ayanur-Honnali road ...	21	50	1,050	21	75	1,575
2. Kumsi-Harnahalli road ...	4	50	200	4	75	300
			1,250			1,875

4. *B. Public Works to be executed by Revenue Department.*—Under the head of "II. Repairs" a provision of Rs. 200 is newly made for repairing five miles of Pilangeri-Holehonnur road. This is in accordance with the resolution of the District Fund Board, and is approved. The sanctioned provision for 1896-97 is given in Enclosure C as Rs. 4,870 and in the consolidated statement as Rs. 7,465. Such mistakes should be avoided in future.

CIVIL CHARGES.

5. *II. Medical Scholarships.*—The correct amount under this head is Rs. 410, and not Rs. 350. The former figure will be adopted in the budget.

1. Furniture, Rs. 230.
2. Charge allowance to Hospital Assistant at Sorab, Rs. 10.
3. Extra allowance to Hospital Assistant at Shikarpur for going to Siralkoppa once a week, Rs. 40.

6. *III. Hospitals and Dispensaries.*—The increases provided under this head are noted in the margin.

(*a*) *Item* 1.—Will be retained subject to the submission of a separate reference in regard to the necessity for a fresh supply of furniture during 1897-98 to Local Fund Dispensaries.

(*b*) *Item* 2.—The charge allowance of the Hospital Assistant at Sorab having been raised from Rs. 15 to Rs. 20 in Proceedings No. 4778-80—L. F. 279-92 dated 13th October 1896, the increase of Rs. 10 provided on that account is passed.

(*c*) *Item* 3.—Has been sanctioned in Government Proceedings No. 8301-3—L. F. 144-92, dated 22nd January 1897, and the provision made is approved.

7. *IV. Midwives.*—The correct provision on account of the pay of the relieving midwife is Rs. 216 and not Rs. 144 as entered in Enclosure D, which, however, shows the total correctly.

1. Sweeper for the conservancy of the Ayanur village in the Kumsi sub-taluk, Rs. 30.
2. Sweeper for Avinahalli Musafirkhana, Rs. 60.
3. Care-taker for the Musafirkhana and pond at Santebennur, Rs. 60.

8. *V. Sweepers for Travellers' Bangalos and Musafirkhanas.*—The marginally noted items have been newly provided for in the present budget.

Item 1.—Sanctioned in Government Proceedings No. 4753-4—L. F. 131-94, dated 12th October 1896, to look after the conservancy of the Ayanur village in the Kumsi sub-taluk is approved, but will be transferred to the appropriate head "VI. Conservancy and sanitary charges," a corresponding reduction being made under this head.

Item 2.—Will be retained subject to the submission of a separate reference on the point.

Item 3.—Which has already been sanctioned will be passed. The provision under this head will, as now reduced, be Rs. 2,356.

9. *VI. Conservancy Charges.*—Including the item transferred from "V. Sweepers for travellers' bangalos and musafirkhanas," the provision under this head will be fixed at Rs. 3,018.

10. The other provisions call for no remarks.

11. The budget estimates of the Shimoga Local Funds Circle for 1897-98 will stand as shown in the accompanying Appendices, of which an abstract is given hereunder:—

READ :—

Letter No. 787, dated 23rd March 1897, from the President of the District Fund Board of the Tumkur circle, submitting the District Fund budget estimates of the circle for 1897-98.

No. 11809-20—L. F. 255-96, DATED, BANGALORE, 29TH APRIL 1897.

RECEIPTS.

ORDER THEREON.—The income for 1897-98 is estimated at Rs. 72,450 under all heads against Rs. 72,313 the actuals for 1895-96 and Rs. 69,260 the sanctioned estimate for 1896-97.

(2) *Seventy-six per cent of Local Cess.*—The estimate under this head, which exhibits an increase of Rs. 3,390 over the sanctioned estimate for 1896-97, is passed, as it is based upon the actuals and jamabandi figures for 1895-96.

EXPENDITURE.

(3) *A. Public Works to be executed by Public Works Department.*

II. Repairs.—The provision under this head includes the mileage allotments for the following roads :—

	No of miles.	Mileage rate.	Annual allotment.
(1) Koratagere-Goribidnur road as far as District boundary.	11½	50	R. 575
(2) Cart-track from Madanmadu to Chiknayakanhalli.	14¼	30	„ 428
(3) Railway Station roads	5	80	„ 400
(4) Tumkur Maddur road	44	80	„ 3,460

Items 1 *and* 2.—The roads (1) and (2) having been practically completed, the Deputy Commissioner suggests that maintenance allowance is needed for them at the rates noted against each. The provisions will be retained subject to the issue of orders in the Public Works Department as to whether the rates recommended are reasonable.

Item 3.—As per details given in Enclosure C, the total length of the railway station roads is only 4¾ miles and hence the maintenance allowance which has to be provided, at the usual rate of Rs. 80 per mile, is Rs. 380 and not Rs. 400. The President is requested to explain why the estimate cannot be reduced by Rs. 20. Pending information, the provision will stand.

Item 4.—As directed in para 5 of Proceedings No. 11235-9—L. F. 90-95, dated 1st April 1896, the length of the Tumkur-Maddur road should have been reduced to 43¼ miles, the remaining ¾ of a mile, which is within the limits of the Tumkur town, being maintained by that municipality. This will now be done; but the amount of the estimate (Rs. 3,460), which is correct, will be retained. The President is requested to explain why no provision has been made for ¼ a mile of the Tumkur Station road outside the town of Tumkur, for which a sum of Rs. 100 was sanctioned in 1896-97.

(4) *B. Public Works to be executed by Revenue Department.*—A sum of Rs. 420 will be assigned on account of establishments for the supervision of works undertaken by Revenue agency, for which the budget, as submitted, has made no provision.

The correct total of the provisions given under the head "B Public Works" is Rs. 8,500 and not Rs. 7,500, as erroneously entered in the consolidated budget statement. The necessary correction will now be made and the total including the provision for establishments raised to Rs. 8,920.

CIVIL CHARGES.

(5) *II. Medical Scholarships.*—The correct amount which is debitable to the District Funds of the Tumkur circle on account of medical scholarships is Rs. 410, to which figure the estimate under this head will be raised.

		Rs.
1.	Increase to compounders	156
2.	Furniture to dispensaries	202
3.	Dieting in-patients in Local Fund dispensaries	205
	Total ...	563

6. *III. Hospitals and Dispensaries.*—The increases provided under this head are given in the margin.

Item 1.—This increase is intended to provide for the periodical increments earned by some of the compounders under the terms of Government Proceedings No. 13250-1—Mis. 1962, dated 8th June 1896. The estimate will be raised by Rs. 24, being the special increase of Rs. 2, per mensem, given to the compounder of Pavagada in Proceedings, Camp No. 581-3—L. F., dated 30th March 1897.

Item 2.—The provision made for furniture will be retained, subject to the submission of a separate application for its appropriation, showing the necessity for the same.

Item 3.—An increase of Rs. 205 over the sanctioned estimate of Rs. 275 for 1896-97 is provided for dieting in-patients, in addition to the provision made for allowance to the watermen of the marginally noted dispensaries for cooking food. It is observed that the correct provision to be made for the dieting charges of each dispensary under Proceedings No. 5876-85—L. F. 112-95, dated 23rd November 1896, is Rs. 60, which includes also cooking allowances. Accordingly, a sum of Rs. 660 will be provided for dieting charges instead of Rs. 480 as entered in the budget; and the excess disallowed. The President is requested to explain whether the increased scale of salaries now paid to the watermen of Sira, Pavagada and Turuvekere include allowances for cooking food for in-patients and, if so, to intimate the amount so included in view to the necessary reduction being effected in the provision.

1.	Maddagere ...	Rs. 12
2.	Chiknayakanhalli...	„ 36
3	Koratagere ...	„ 36

The correct total of the details under this head in the column for 1896-97 is Rs. 5,027 and not Rs. 5,024, as given in Enclosure D and the consolidated budget statement.

7. *V. Sweepers for 3rd Class Travellers' Bangalos and Musafirkhanas.*—The provision under this head includes the salary of the care-taker on Rs. 5 per mensem, sanctioned for the musafirkhana at Nagalmadike in Proceedings No. 8739-41—L. F. 71-94, dated 2nd February 1897. This has, however, been omitted to be shown in Enclosure F. The omission will be supplied in this office and the provision accepted.

8. X. *Miscellaneous.*—The necessity for the provision of Rs. 100 made in the budget on account of pensions should be explained.

9. The total income of the year, including the opening balance is Rs. 1,03,858, as shown on the side of receipt, and not Rs. 1,04,198 as entered on the side of expenditure against "Grand Total". The correct figure will be adopted in the budget.

10. The other items call for no remarks and are passed.

11. The budget estimates of the Tumkur circle for 1897-98 are sanctioned as per details given in the accompanying appendices, of which an abstract is given below :—

		Rs.

5.	Estimated Closing Balance	25,522

12. There has been a considerable amount of delay in the submission of this budget, which was due in the Government office on 31st January 1897, but which was not received till March 1897, though it was passed by the Board at a meeting held on 9th January 1897. At the same time the statements contain several errors as pointed out in the preceding paras. Such delays and errors should be carefully guarded against in future.

RECEIPTS.

2. *II. Tax on Houses.*—An additional revenue of Rs. 1,496 is expected under this head from vacant building sites, which has to be credited to this head instead of to "X. Miscellaneous" under Government Proceedings No. 1513-30—L. F. 46-96, dated 29th July 1896.

3. *X. Miscellaneous.*—The sum of Rs. 500 expected to be realized from the sale of building sites in the French Rocks Municipality is passed. But it is observed that if, according to paras 3 and 5 of the explanatory memo submitted by the Sub-Division Officer, the supplemental estimates referred to in para 2 above represent sums already included under this head, in the original budgets under Proceedings No. 16919-27—R. 1699, dated 6th April 1894, but now transferred to "II. House tax" under Proceedings No. 1513-30—L. F. 46-96, dated 29th July 1896, there should be a corresponding reduction under this head without affecting the aggregate income of the year. But on a reference to the original budget, it is observed that the total income under this head therein sanctioned was only Rs. 1,448 or Rs. 48 less than the supplemental estimates now proposed under "II. House tax" which could not, therefore, have been included already under "X. Miscellaneous." This requires explanation.

4. *Opening Balance.*—Instead of figures given in the supplemental budgets the actual balance in favour of each municipality on the 30th June 1896, as shown in the Comptroller's account for 1895-96, will be adopted as the correct balance as noted in the margin.

EXPENDITURE.

5. *II. Head Office.*—The additional grants provided under this head are stated to be on account of contributions towards the increased cost of establishment in the Dewan's office, as per Government Proceedings No. 3425-35—L. F. 12-92, dated 9th September 1896, and are passed.

6. *III. Collection.*—Under this head provisions are made to meet the potgi allowance for collection of mohatarfa sanctioned in Proceedings No. 3007-8—L. F. 168-94, dated 31st August 1896, and the cost of temporary establishments sanctioned for the Seringapatam Municipality in Proceedings No. 5463-4—L. F. 157-92, dated 12th November 1896. These are allowed.

7. *IV. Conservancy.*—The decrease under this head is due to a peon on Rs. 6 having been dispensed with in the Melkote Municipality for want of funds.

8. *VII. Lighting.*—Provision is newly made under this head in the budget of French Rocks to meet the cost of lighting from January 1896 to June 1897. The estimate is approved.

9. *VIII. Public Works.*—The increases under this head are passed.

10. *IX. Charitable Grants.*—To meet the cost of repairs to the dispensary building at Seringapatam, sanctioned in Proceedings No. 5581-2—L. F. 132-95, dated 16th November 1896, and of increases to compounders of Local Fund dispensaries in Proceedings No. 13250-1—Mis. 1936, dated 8th June 1896, as well as of disinfectants required, the budgets contain the marginally noted provisions, which are passed, subject to the submission of a detailed statement of Local Fund dispensaries showing the salaries of compounders according to the sanctioned scale.

Letter No. 244, dated 5th April 1897, from the President of the Bangalore City Municipality, submitting a report on the elections held between the 15th and 31st March 1897, as directed in Proceedings No. 6849—L. F. 17-96, dated 14th December 1896.

(2) Letter dated 24th March 1897, from the Honorary Secretary, Bangalore City Rate-payers' Association, submitting for needful action, a copy of the proceedings of a meeting of the members of the association held on the 21st idem.

(3) Letter No. 257, dated 24th April 1897, from the President of the Bangalore City Municipality, stating, with reference to the enquiry made in Docket No. 11615—L. F. 17-96 of the same date, that no applications for election as Municipal Commissioners were received from any eligible candidates between the 21st February and 8th March 1897.

No. 11696-$\frac{1}{2}$—L. F. 17-96, DATED, BANGALORE, 27TH APRIL 1897.

ORDER THEREON.—In the first of the letters read above, the President reports the election of the following five gentlemen for the divisions noted against their names, *viz* :—

(1) Mr. Gungiah for No. II Balepet Division.

(2) Mr. Veerabhadra Chetti for No. III Manavartepet Division.

(3) and (4) Messrs. Basappa Chetti and Sheer Khan, for No. IV Ulsurpet Division.

(5) Mr. Somasundram Mudaliar for No. VII Fort Division.

2. Five more places remained to be filled up by election, but no candidates are reported to have come forward to stand for the same.

3. The Rate-payers' Association have taken objection to the elections on various grounds, of which the only two deserving of consideration are the following :—

(*a*) Late publication of the notice required by Rule VI, and.

(*b*) the President's action in publishing a notice in the *Gazette* of 11th February 1897, requiring candidates desirous of becoming Municipal Commissioners to submit their names to him on or before the 20th February.

4. As regards (*a*), Government observe that the notice in question was issued under date the 15th February, but did not appear in the *Gazette* till the 18th idem. The dates fixed for elections in Divisions III to VII were the 19th, 22nd, 24th, 26th, and 29th March. In so far as these divisions are concerned, there was a strict compliance with the provisions of Rule VI, but the same cannot be said in respect of Divisions I and II, the elections in which were held on the 15th and 17th March, *i.e.*, before the expiration of a full month from the date of the notice above referred to. The validity of the last named two elections being thus open to question, Government have no alternative, but to cancel those elections and to direct that fresh elections be held in strict conformity with rules. The President will take the necessary steps accordingly after reporting to Government the month and date on which he proposes to hold such fresh elections.

5. As regards objection (*b*), Government are of opinion that no candidate was prejudiced by the unnecessary and incorrect notice issued by the President. It is evident that no applications received after the 20th February and before the expiry of three weeks prior to the dates fixed for elections in the several divisions in question, were rejected by the President on the ground of their non-submission within the time mentioned in his notice. Government, therefore, see no sufficient reason to interfere with the elections on the ground of the erroneousness of the President's notice.

6. The elections held in Divisions III to VII are approved. Seven Commissioners had to be appointed by election for these divisions as shown below :—

No. III	...	...	...	...	2
„ IV	...	...	...	...	2
„ V	...	...	...	...	1
„ VI	...	...	...	...	1
„ VII	...	...	...	...	1

But only four having been elected, *viz.*, 1 for No. III Division, 2 for No. IV Division and 1 for No. VII Division, there remain three vacancies to be filled up by Government under para XI of the Election Rules. The following appointments are accordingly ordered :—

(1) Mr. C. Krishna Murti for No. III Division.
(2) Mr. Sampannayana Dodda Muniappa for No. V Division, and
(3) Mr. R. Raghunatha Rao, B. A., for No. VII Division.

7. Exclusive of the President there are now only four *ex-officio* Municipal Commissioners instead of five. The vacancy thus existing will be filled up by the appointment of the Superintendent of the Central Jail as an *ex-officio* Municipal Commissioner.

8. There are now only three nominated Commissioners instead of four. To the existing vacancy Government are pleased to appoint Mr. Vyragya Setti Chikkabasanna as a Municipal Commissioner for No. V Division.

9. As Mr. Devaraja Aras, one of the nominated Commissioners, seems to have been unavoidably prevented from regularly attending the meetings o the Board for some time past Government are not prepared to accede to the President's recommendation regarding the appointment of a successor to him before the expiration of his term of office.

10. A complete list of Municipal Commissioners, as now revised, will be published for general information.

2. *VII. Mohatarfa* (*d*) *Carts.*—Adverting to the explanation now submitted by the President as regards the decrease under this head in Nanjangud, the original budget statement of that municipality is herewith sent for reference and return, with the remark that the correct figures as entered in the budget have been quoted in the Government Proceedings of 13th July 1896, and that an explanation, as already called for therein, is still due from him.

3. X. *Miscellaneous, Contributions.*—The increase under this head in Hunsur is stated to be due to the enhancement of the mileage allotment for the maintenance of the provincial road running through the municipality. This explanation is accepted and the increased provision approved. The Chief Engineer is requested to be so good as to cause to be furnished to this office in future a copy of each order issued in the Public Works Department altering the mileage allotment of provincial roads within municipal limits and thereby affecting the contributions payable to Municipal Funds under Proceedings No. 5020-9—L. F. 77-93, dated 18th September 1893.

4. Under this head a supplemental estimate of Rs. 375 is entered in the budget of Nanjangud on account of contribution paid by the Public Works Department for the maintenance of the provincial roads in the town. Before the estimate is finally passed, the Deputy Commissioner should intimate the name and length of the provincial road within the limits of this municipality and the mileage allotment paid therefor. It is noted that in the Chief Engineer's statement printed with Proceedings No. 5020-9—L. F. 77-93, dated 18th September 1893, no mention is made of Nanjangud as having a provincial road within its limits.

5. *Opening Balance.*—Instead of the approximate balance entered in the original budget, the Deputy Commissioner proposes the insertion under this head of the actual balance in favor of each municipality according to the Comptroller's account. The revised estimates are approved.

EXPENDITURE.

6. *IV. Conservancy.*—The supplemental grant of Rs. 132, provided under this head in the budget of Gundlupet, is required to meet the cost of the marginally noted additional establishments sanctioned in Proceedings No. 1805-6—L. F. 131-95, dated 4th August 1896, to be met from general savings in the current year's Municipal budget of the town. This provision is passed in supersession of the order directing the cost being debited to general savings.

7. *IX. Charitable Grants.*—The Deputy Commissioner now submits a statement of midwives, and states that full provision for the salary of the midwife of Chamrajnagar has been made in the sanctioned District Fund budget of the Mysore circle for 1896-97. The provision made in the original Municipal budget of the town of Chamrajnagar for a moiety of her salary will therefore be struck out.

8. *XI. Miscellaneous.*—The provision of Rs. 200 made in the budget of Nanjangud being in accordance with Government Proceedings No. 5049-50—Fl. 402, dated 4th December 1896, will be retained, subject to the submission of a bill of charges actually incurred on account of cholera.

9. There are no other points connected with this budget requiring special notice.

10. The budget estimates of the municipalities for 1896-97 as now revised will stand as shown below:—

11. It is observed that the closing balance in each municipality is much in excess of the prescribed maximum balance of 30 per cent of receipts, and that the available funds may be utilized on the execution of useful works of improvement.

REVENUE.

Proceedings of the Government of Mysore.

No. 613-22—Ex., dated, Camp Mysore, 2nd April 1897.

Order.—It is under the contemplation of Government to introduce what is known as the tree tax system into the province of Mysore. Instead, however, of at once adopting the system in its entirety, the Government resolve to make the following preliminary arrangements for the official year 1897-98.

(1) During 1897-98 in parts of the State where the tree tax is declared to be introduced, no tree is to be tapped for toddy, without a license therefor to be obtained by payment of tree tax at the following rates:—

Tree.	Tree tax for each tree including local cess. Rs. a. p.
Date	... 1 1 0
Cocoanut	... 2 2 6
Palmyra	... 1 9 6
Bagani or sago palm	... 1 9 6

(2). The first offer for every toddy vend farm will be made to its present farmer on condition of his agreeing to pay for 1897-98, the rent he has agreed to pay for 1896-97, the said rent being made up of—

(*a*) the tree tax at the above rates for the toddy yielding trees tapped by him under a license granted by the local Excise Officers, for the supply required for *bona fide* consumption at his shops, whether such trees be in Government unoccupied or occupied land or in alienated land. No trees upon Government occupied land can be tapped without arrangement by the farmer with the owner. The present arrangements as regards trees on alienated land will hold good, subject of course to the levy by Government of tree tax; and

(*b*) shop rental, being the difference, if any, between the farm rent and the tree tax for the year.

Note 1.—If the number of trees for which tapping licenses are obtained exceeds the number whose license fee at the rates prescribed is covered by the said rent, the farmer shall not be entitled to a refund of the excess fee paid by him on that account.

Note 2.—If the Deputy Commissioner is satisfied that a farm was purchased at a loss in 1896-97, owing to unwholesome competition, and, if no one comes forward to take up the farm for 1897-98 on the terms aforesaid, he may fix such amount of rent as may seem proper, provided it is not less than the amount payable on account of tree tax at the rates mentioned above.

(3) If any farmer declines to accept his farm for 1897-98 on these terms, the shops included in the farm will be sold by auction; and the new farmer will, in addition to his bid, pay tree tax on the number of trees for which he may obtain tree tapping licenses.

(4) An agreement (in the accompanying form submitted by the Excise Commissioner, which is approved) should be executed by each farmer for 1897-98 agreeing to abide by the terms of his contract and by the Excise laws and rules which are now in force or which may from time to time be issued by Government.

(5) Tapping licenses may be granted at any time; and as much as possible will be confined to trees of the grove or groves, if any, attached to the farm during 1896-97, unless the trees therein are insufficient, in which case licenses may be granted for tapping trees in other groves also.

(6) The tree tax on trees tapped during each quarter and the proportion of shop rental due for each quarter of the year shall be payable in three equal monthly instalments on or before the 20th day of each month.

(7). The minimum retail rates for the sale of toddy will be as shown in the appended list.

2. The Excise Commissioner is requested to issue to the canvassing officers concerned such detailed instructions in the light of the above remarks, as may be necessary for making the scheme an assured success.

3. A provisional notification will be issued under the Excise Act, declaring that the rules contained in Notification No. 11739-40—R. F. 233- 92, dated 14th January 1893, shall, as far as may be, apply to the contracts for 1897-98. The Excise Commissioner should, however, submit in due course a set of draft rules with forms of license, &c., specially applicable to the tree tax system.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Excise Commissioner, with reference to his letter No. 4179—288, dated 1st February 1897 and No. 4517—314, dated 4th March 1897.
The Comptroller, Mysore Government.
The Deputy Commissioners of Districts.

Form of Agreement to be executed by Toddy Vend Farmers for 1897-98, *referred to in Clause* (4) *of para* 1 *of Government Proceedings.*

Whereas the Government of Mysore has agreed to lease the undermentioned toddy vend farms to me for 1897-98 on the following terms and conditions for the same rent that I have agreed to pay for 1896-97, I do hereby engage to accept the same and bind myself, my heirs, executors and representatives by the terms and conditions hereunder mentioned.

Terms and Conditions.

1. I will pay for 1897-98 the same rent that I have agreed to pay for 1896-97, *viz.*, Rs. including local cess, but made up as follows:—

Description of tree.	Rates of tree tax per tree per annum.	Rs. a. p.
Date	Tree tax including local cess	1 1 0
Cocoanut ...	Ditto ..	2 2 0
Palmyra ...	Ditto ...	1 9 6
Bagani or sago palm in malnad.	Ditto ...	1 9 6

(*a*) the tree tax at the marginal rates for the toddy yielding trees tapped by me in Government groves, as well as in occupied and alienated lands; and

(*b*) farm rent.

2. My deposits and securities of 1896-97 shall be utilized for 1897-98 for the due fulfilment of my present engagement.

3. For the trees required to be tapped for each quarter in the Government groves assigned to my farm, or in private groves obtained by me for the manufacture of toddy under private arrangements between myself and the owners of such groves, I shall make the application in the prescribed form, in due time, and obtain tapping licenses.

4. In the case of date trees applied for by me to be tapped, I shall get the requisite spaces on the stems of date trees prepared, so that they may be easily marked by Excise Officers.

5. No trees shall be tapped, nor shall toddy be drawn from any tree, nor shall any pot be attached to any tree, until the tree has been marked by the proper

officer. But the preparation of the spathes, or incisions for the drawing of toddy from the fit trees applied for, may be made as soon as the application in the prescribed form has been delivered to the Excise Supervisor concerned.

6. The tree tax and farm rent payable for 1897-98 shall be adjusted as follows :—

(1) For each toddy yielding tree, tree tax at the above prescribed rates shall be paid. The difference, if any, between the amount so realized and the total amount of rent including local cess for the year 1896-97 shall be paid as farm rent.

(2) Deduct the tree tax payable for the trees tapped in each of the four quarters of 1897-98 from $\frac{1}{4}$ of the total rent including local cess for 1896-97. The difference, if any, will represent the farm rent payable for each of such quarters.

(3) The tree tax plus the farm rent calculated as above shall be payable in the following instalments :—

Quarters.	Proportion of tree tax and farm rent to be paid monthly to Government.	Instalments by which time to be paid.
1st quarter, between 1st July and 30th September.	$\frac{1}{3}$ of tree tax plus $\frac{1}{3}$ of farm rent.	On or before 20th July.
	Ditto ..	On or before 20th August.
	Ditto ...	On or before 20th September.
2nd quarter, between 1st October and 31st December.	$\frac{1}{3}$ tree tax plus $\frac{1}{3}$ farm rent.	On or before 20th October.
	Ditto ..	On or before 20th November.
	Ditto ..	On or before 20th December.
3rd quarter, between 1st January and 31st March.	$\frac{1}{3}$ tree tax plus $\frac{1}{3}$ farm rent.	On or before 20th January.
	Ditto ...	On or before 20th February.
	Ditto ...	On or before 20th March.
4th quarter, between 1st April and 30th June.	$\frac{1}{3}$ tree tax plus $\frac{1}{3}$ farm rent.	On or before 20th April.
	Ditto ...	On or before 20th May.
	Ditto ...	On or before 20th June.

If the amount of tree tax paid by me for 1897-98 were to equal the total amount of rent including local cess for 1896-97, nothing would remain to be paid by me as farm rent for 1897-98. But if the tree tax payable by me on the trees I tap for 1897-98 were to exceed such amount of 1896-97, I should be bound to pay such excess.

7. For the convenience of the farmers, application for tree tapping licenses for 1897-98 shall be received, trees shall be marked and tapping licenses shall be issued, by the Supervisors concerned, during the month immediately preceding the 1st July 1897, so that the drawing of toddy for 1897-98 may take effect from the 1st July 1897.

8. I shall not sell toddy at rates below the minimum retail rates fixed by Government as per particulars below :—

9. I shall further hereby bind myself to conform to the conditions of Tapping License, Farm License, Shop License and Excise Laws and Rules, which are now in force, or which may from time to time be issued by Government.

10. In case of any breach of the above terms and conditions either by myself, or with my connivance and privity, by any person in my employment or in the event of my neglecting to open my shops or to carry on the business of my farm with due care and attention, it shall be competent to the Deputy Commissioner of the district to impose upon me a fine not exceeding Rs. 50 for every such breach of such terms and conditions or such neglect or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the farm and sell it at my risk. When the farm is cancelled, the tree tax and rent for the whole period of the lease shall become due at once, and all loss caused to Government by the cancelment or sale of the farm shall be made good by myself, my heirs and representatives. All the amounts of such fines, penalties and loss shall be recovered in the same manner as if they were arrears of land revenue.

Dated this day of 1897.

In witness whereof I hereby affix my signature.

C. 87	19th do	do	Chitaldrug.

No. 8778-84—R. 2949, DATED, BANGALORE, 1ST APRIL 1897.

ORDER THEREON.—Recorded.

2. The Deputy Commissioner of Bangalore has made no remarks on the diaries of his Amildars. Each Amildar does as little or as much as he likes, and the Deputy Commissioner does not apparently gauge their work by any standard. The Bangalore Amildar does not seem to have even submitted his diary.

3. The Amildars of the Kolar and Malur taluks should be warned that they should not confine themselves to head-quarters. They moved about very little during the period under review. The camping out of the other Amildars in the Kolar district was also by no means sufficient.

4. Government agree with the Deputy Commissioner of Tumkur in his observation that frequent visits to villages situated at short distances from head-quarters are useless, and should not be resorted to for the purpose of swelling the number of villages to be exhibited in the journal. Every Amildar or Deputy Amildar should camp out at least for *ten* days in a month. The touring must be systematic and the inspection, regular and full.

5. The Deputy Commissioner of Mysore is requested to explain why there was a delay of two months in the submission of his review under reference.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.

READ :—

Docket No. 3717—868, dated 22nd March 1897, from the Deputy Commissioner, Kolar district, submitting the report of the Amildar of Goribidnur, explaining that the delay in submitting his itinerary journal for the fortnight ending 15th September 1896 was due to the fact that there is no clerk knowing English in the taluk cutcherry.

No. 8792-99—R. 2953, DATED, BANGALORE, 5TH APRIL 1897.

ORDER THEREON.—It should be pointed out to the Amildar that the remedy lies in his own hands, as, under the standing orders, an Amildar can appoint his own officials and he is responsible for their efficiency. The excuse pleaded is not therefore admissible.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Kolar District.
The Deputy Commissioners of other Districts.

No. 8809-16—R. 2958, DATED, BANGALORE, 5TH APRIL 1897.

ORDER.—On comparing the statement of retail prices current furnished by District Officers and published twice a month with the statement of wholesale prices furnished by the Deputy Commissioners of Bangalore and Mysore, under the orders contained in Government Proceedings No. 10507-15—R. 4146, dated 2nd June 1896, it is observed that, of the 26 articles covered by the two statements put together, only six are common to both, that 14 more which occur in the wholesale price list do not occur in the retail price list, and that six others which occur in the retail price list do not occur in the wholesale price list. As it is useful to the Government and the public to know both wholesale and retail prices of the aforesaid 26 articles of trade, and also of the marginally noted articles now not included in these returns, Government direct that the forms now in use be extended so as to cover all the 31 articles, of which a list is appended to these proceedings.

Horse gram.
Coffee.
Cardamom.
Supari.
Cocoanuts.

2. It is also observed that the wholesale prices are returned only for Bangalore and Mysore. But as with railway facilities, other market places have considerably risen in importance, Government direct that wholesale prices shall be reported from the other six districts also, information being collected by the same staff and on the same day as for retail prices. Instructions for preparing these returns are contained in the proceedings of June 1896 above cited.

3. The information required for the Government of India returns will be extracted from the district returns instead of the former, being a transcript of the latter.

Letter No. 900—798, dated 2nd March 1897, from the Deputy Commissioner, Shimoga district, regarding the grant, for garden cultivation, of 1 acre and 15 guntas of gomal land out of Survey No. 67 in the Mittagodu village, Araga hobli, Tirthahalli taluk.

No. 8819-27—R. F. 11-96, DATED, BANGALORE, 5TH APRIL 1897.

ORDER THEREON.—The facts of the case are as follows :—

During the jamabandi of the year 1887-88, it was brought to the notice of the Deputy Commissioner (Jamabandi Officer) that Buddu, one of the hissedars of Survey Nos. 51 and 52 of the Mittagodu village, had encroached upon 72 square yards of the adjoining Survey No. 67 (gomal and soppinbetta land) and planted it up with arecanut and plantain. The Deputy Commissioner ordered the recovery of a fine of Rs. 2 from Buddu and also the removal of the plants from the land. But this order does not appear to have been carried out in full, as it is stated that only the fine was recovered. The shanbhog, who was in charge of these papers, is now dead.

2. In October 1890, Buddu applied for the grant of 20 guntas of land inclusive of the small bit unauthorizedly cultivated by him out of the said Survey No. 67, and subsequently agreed to take up 1 acre. But, when the portion pointed out by him was measured by the Mojanidar, it came up to 32 guntas in extent comprising three detached pieces as shown in the margin. A reference having been made to the Superintendent of Revenue Survey by the Amildar in July 1893 in the matter of assessing the lands, that Officer observed that it was inconvenient to assess all the three pieces together owing to their situation in different places and that if a larger extent were asked for there was no objection to separate numbers being formed. Consequently, the darkhast was struck off the file in August 1893.

1 Piece measuring 21 guntas and adjoining Survey No. 52.
1 Piece measuring 5 guntas, „ 6 guntas } both adjoining Survey No. 51.

3. During the jamabandi of the year 1892-93, it was again brought to the notice of the Deputy Commissioner that Buddu, Puttanna, Yella and Appa had encroached upon 337 square yards of the same gomal No. 67 and planted it up with arecanut, plantain and cocoanut and he ordered that they should be made to pay assessment on the encroached portions at the rates imposed on the adjoining lands.

4. When the papers were submitted to the Deputy Commissioner for final orders in June 1894, he drew the attention of the Amildar to the observation already made by the Superintendent of Revenue Survey. In November 1894, the Amildar recommended that as a larger extent than 32 guntas was not available and as portions of this had already been planted up with arecanut, cocoanut and plantain, the piece measuring 21 guntas and adjoining Survey No. 52 might be separately numbered and assessed, and the other two pieces measuring 5 and 6 guntas and adjoining Survey No. 51 added on to the latter number. The Deputy Commissioner took objection to this recommendation on the ground that the grant of the proposed concession was contrary to the provisions of the Land Revenue Code and he directed that the matter should be placed for final orders at the jamabandi time with full particulars as to the number and kind of trees and plants in the plots encroached upon. The land having been inspected by the Taluk Head Gumasta in company with Panchayetdars, it was reported to the Jamabandi Officer on the 7th April 1895, that the total extent of the portions unauthorizedly cultivated by

Budda and others was* 6 guntas and 51 square yards and that there were six arecanut trees, 25 young plants and 55 seedlings; four cocoanut trees, 30 plantain trees and 64 other fruit trees and plants. The Jamabandi Officer observing that the extent encroached upon in each case being very small, it was not possible either to annex it to the respective hiduvali lands (Nos. 51 and 52) or to get it separately numbered and assessed, ordered that a fine of Rs. 6 should be recovered from the individuals concerned, that Buddu should be required to remove his 55 seedlings elsewhere within six months and that the other trees and plants should be regarded as Government property belonging to gomal No. 67.

5. Putta and Buddu having applied on the 23rd April 1895 for the grant to each of them, of an acre of land out of the gomal number in question, for garden cultivation, inclusive of the portions encroached upon by them, the Amildar recommends that 21 guntas of land, as originally measured by the Mojanidar, which includes the 4 guntas and 38 square yards unauthorizedly cultivated by Buddu, Putta and Yella may be assessed and granted for an upset price, the same being registered jointly in the names of the above individuals who are all hissedars of Survey No. 52, and that another plot of land measuring 28 guntas, inclusive of the five guntas originally measured by the Mojanidar, and of 98 square yards unauthorizedly cultivated, may likewise be assessed and granted to Buddu, he having agreed not to interfere with the right of way and kunte existing therein, and that the remaining 6 guntas of land, originally measured by the Mojanidar, which includes one gunta and 36 square yards unauthorizedly cultivated, may be assessed and added on to Survey No. 51 as it cannot be formed into a separate number, and as it contains a large number of arecanut plants and other trees, the forfeiture of which to Government would be a great loss to the raiyat concerned without any corresponding gain to Government. The Deputy Commissioner supports the Amildar's recommendation.

6. Government observe that the District Officer should have taken action under Section 209 of the Land Revenue Code instead of proceeding in a dilatory manner by fining the offender and allowing him to retain possession of the land. From the way in which darkhasts were received and recommendations made from time to time to allow the land to be retained by Buddu, he was encouraged to persist in his unauthorized act. Meanwhile, the trees planted by him also grew and probably now the land has on it a fairly established garden. It is this circumstance that induces Government to treat this case leniently and to sanction the recommendation now made for the grant of the three pieces measuring 21, 28 and 6 guntas, respectively, which will be assessed in communication with the Superintendent of Revenue Survey, the last mentioned piece being added on as proposed to the adjoining Survey No. 51.

7. The Government, however, desire the Deputy Commissioner to note that they view with disfavor the grant or confirmation of land to one who has taken possession of it unauthorizedly and in violation of rules. In all such cases, the Deputy Commissioner should proceed in a definite and regular manner and try to evict the offender under Section 209 of the Land Revenue Code when he does not quit the land in question voluntarily.

No. 8828-35—R. 2960, DATED, BANGALORE, 5TH APRIL 1897.

ORDER THEREON.—Recorded.

2. The Amildar of Bangalore did not submit his diaries to the Deputy Commissioner for either of the two fortnights of the month. The diaries of the Amildars of Hoskote and Dodballapur for the 2nd fortnight and those of the Amildar of Channapatna and the Deputy Amildar of the Closepet sub-taluk for the 1st fortnight were not submitted to the Deputy Commissioner. It has not been stated what steps have been taken to prevent such irregularity. In future, the remarks passed by the Deputy Commissioner on the Amildars' diaries should invariably be communicated to Government.

3. The Amildar of Nagamangala does not appear to have gone out of his head-quarters during the whole month, and he did not submit his diaries to the Deputy Commissioner. Several of the other Amildars also were, more or less, confined to their head-quarters. In future, explanation should be furnished when Amildars do not camp out at least for ten days during the month.

4. The force of the remark of the Deputy Commissioner of Hassan that the camping out of the Holé-Narsipur Amildar for one day and that of the Manjarabad Amildar for five days in the whole month, is "satisfactory", is not understood. The latter inspected 22 villages, of which 10 are stated to be on the road side. The Deputy Commissioner should see that better inspection work is done by Amildars.

No. 8870-77—R. 2967, DATED, BANGALORE, 8TH APRIL 1897.

ORDER THEREON.—From the communications read above, Government observe that many of the Deputy Commissioners have not answered the enquiry, made in the proceedings above referred to, as to the extent to which the rule requiring holders of alienated villages to keep village accounts has been enforced in their districts. The Deputy Commissioners of districts are, therefore, requested to submit, at an early date, a statement in the marginally appended form, giving precis, information on the points specified therein.

No	Taluk.	Name of inam or alienated village.	Is there a shanbhog (hereditary or otherwise must be specified).	Have the accounts been written up and filed under Section 16 of the Land Revenue Regulation and Rule IV of the Land Revenue Rules	Explanation of omission or delay.	The proposal of the Deputy Commissioner, if any, on the point together with a statement of the action taken already to enforce the rule.	Order of Government

2. Under Section 16, clause (3) of the Land Revenue Regulation, the Deputy Commissioners may, if the holder of an alienated village fails to keep the registers and accounts required by Rule VI of the Land Revenue Rules, cause such registers and accounts to be prepared by any other person, and levy the cost of such preparation from the inamdars as a revenue demand. If any enquiry becomes necessary for the purpose of enabling the accounts being prepared, the Deputy Commissioner may depute a competent officer for that purpose, the expenses attending such enquiry, which are incidental to the preparation of accounts being also levied from the inamdars. The Deputy Commissioners are requested, to fully enforce the existing provision of the law before expressing any opinion regarding its inadequacy.

READ THE FOLLOWING:—

Letter No. 879, dated 27th February 1897, from the First Assistant to the Resident in Mysore.

In Table A. 2 of the Agricultural Statistics, no totals of the sub-heads 1 to 5, and of the sub-heads (*a*) to (*d*) of side head 7, are given. In Table A. 3 none of the sub-heads are totalled.

2. It would be very convenient for the office of the Director General of Statistics in dealing with the returns if totals were made in all these cases, and I am directed, therefore, to request that you will be good enough to give instructions for the totalling in future in every case where two or more subdivisions are included in the heads.

No. 8894-901—R. 2968, DATED, BANGALORE, 8TH APRIL 1897.

ORDER THEREON.—Ordered that copies of the communication read above be forwarded to the Deputy Commissioners of districts for information and guidance.

To—The Deputy Commissioners of Districts.

READ :—

Returns of "Revenue Cases" and "Miscellaneous Proceedings" filed, disposed of, and pending in the several Revenue Courts of the Mysore Province for the months of October, November and December 1896.

No. 9435-42—R. 3115, DATED, BANGALORE, 25TH APRIL 1897.

ORDER THEREON.—The appended statement marked A, prepared in this office, shows the number of "Regular," "Original," "Appeal" and "Referred" cases filed and disposed of during the quarter under review, as compared with those of the corresponding period of 1895.

2. The dates of the oldest cases pending in the Bangalore, Kolar, Tumkur, Shimoga, Chitaldrug and Kadur districts are given below :—

Bangalore	...	...	.. 27th November 1892.
Kolar	...	...	... 8th August 1895.
Tumkur	...	...	... 3rd February 1896.
Shimoga	...	...	... 30th April 1896.
Chitaldrug	...	...	... 30th April 1896.
Kadur	...	...	... ——August 1896.

The Deputy Commissioners concerned are requested to arrange for the early disposal of these cases, especially the Deputy Commissioner, Bangalore district, wherein the cases dated so far back as 27th November 1892, are still pending. In future, explanation should be furnished in detail in respect of every case pending over six months.

3. The Deputy Commissioner of Mysore who has not given such dates is requested to supply the omission at a very early date.

4. The disposal of Petitions and Miscellaneous Revenue Proceedings is exhibited in the following statement marked B.

5. In the returns submitted by the Deputy Commissioners of Hassan and Kadur districts, for September 1896, under the head "Original Revenue cases," two cases in Hassan and three in Kadur have been shown as pending at the end of the month, while no case in Hassan and one case in Kadur have been shown as pending disposal at the beginning of October 1896. Again, under the head "Miscellaneous Revenue Proceedings" in the Hassan district, while 924 cases had been shown as pending disposal at the end of September, only 905 cases are shown as pending disposal at the commencement of October 1896. These discrepancies require explanation which the Deputy Commissioners of Hassan and Kadur are requested to furnish at an early date.

READ :—

Letter No. 139, dated 7th September 1894, from the Deputy Commissioner, Kadur district.

With reference to official Memo No. 20727—J. 1420, dated 29th May 1894, requesting me to investigate and report upon the suggestion made by the planters of opening a Taluk Cutcherry at Balehonnur in the Koppa taluk, Subject No. 30 of the Dasara Representative Assembly Proceedings of 25th October 1893, I have the honor to state that the subject has been often pressed by the planters, and has received consideration from my predecessors, Mr. Meiklejohn and Colonel Campbell.

2. Of late years Balehonnur has rapidly grown into importance on account of the large quantity of land taken up for planting purposes in the neighbourhood and on account of the construction of the bridge over the Bhadra River which now makes the place so easy of access.

3. The main grievances of the planters are—

(1) that they are 24 miles from their head-quarters, Yedahalli, which only being a sub-taluk has no treasury, and they are, therefore, unable to have any money transactions ;

(2) that during the monsoon the road is inaccessible owing to the two streams which cross it ; and

(3) the great distance Balehonnur is from the head-quarters of Koppa and Chikmagalur, *viz.*, 22 miles and 32 miles, respectively, and where they are obliged to go for the majority of their judicial work, such as applying for warrants under Act XIII of 1859, &c.

4. On the other hand, the advantages to Government in forming Balehonnur into a taluk head-quarters would be the curtailment of the Mudgere and Chikmagalur taluks and the better supervision of that part of the country as regards police, revenue and magisterial work. The Chief Judge during his recent tour was of opinion that a Special Magistrate was necessary, but I am of opinion that the appointment of a Special Magistrate alone would hardly meet the requirements of the case.

5. As regards the curtailment of the Mudgere taluk it will be seen that at present it is a very long taluk and with the taluk head-quarters at one end of it, and that the distances from the head-quarters to any outlying place are very great. I would mention Kalasa, an important place, which is 42 miles from Mudgere, and even Kalasa is by no means situated at the end of the taluk ; the road from Mudgere to Kalasa lies comparatively along the ghats and is almost inaccessible during the monsoon, and even when the road can be used the Amildar or any official going there from Mudgere can only proceed by slow marches, and consequently a great waste of time must ensue. Again, the police arrangements are extremely difficult to work from such a distance and the present arrangement is found most inconvenient by the Police Department. This long line of frontage, insufficiently protected as at present, also affords great facilities for smuggling arrack, &c., from South Canara as also the theft of sandalwood from the ghats into South Canara.

6. As regards the taluk of Chikmagalur, I am of opinion that owing to the size and nature of the taluk it is far too unwieldy to be efficiently managed by any Amildar, and this is proved by the present unanswered reference list and number of darkhasts pending disposal, which can in no way be attributed to the inefficiency of the taluk establishment, but rather to the impossibility of their coping with the work. In addition to this, the taluk is growing in importance owing to the opening up of land in the Jagarvalli for coffee, &c.

7. The main object in proposing the establishment of a Taluk Cutcherry at Balehonnur would therefore be the curtailment of the two taluks of Mudgere and Chikmagalur to facilitate the working of them, as also for the advancement of the country in the neighbourhood of Balehonnur, and also the general convenience of the planters.

8. I may here observe that Balehonnur appears to have been a large town at some remote date judging from the ruins met with on the grass land a short distance from the river, and that there now exists an admirable site for a Taluk Cutcherry.

9. In forming a taluk with Balehonnur for head-quarters, I would beg to make the following propositions :—

(1) that the Yedahalli sub-taluk consisting of two hoblis, Yedahalli and Balehonnur, should be abandoned, and that the Yedahalli hobli should be attached to the Koppa taluk and Balehonnur to the Balehonnur taluk.

(2) that the Bagganji and Maganda hoblis should be taken from the Koppa taluk and handed over to Balehonnur, thus leaving Koppa much the same area;

(3) that Khandya be taken from Chikmagalur and handed over to Balehonnur;

(4) that Kalasa be taken from Mudgere and handed over to Balehonnur;

(5) that Bidranad be taken from Chikmagalur and handed over to Mudgere.

10. I beg to append maps showing the present division of the district and the proposed arrangements; also map of the proposed new taluk of Balehonnur; also detailed lists showing the hoblis, villages and revenue of the proposed arrangements.

11. In conclusion, I beg to strongly recommend the proposed changes in the district. The present area and financial condition of the taluks as existing and as proposed are appended in the margin for ready reference, as also the present and proposed cost of establishment.—

(2) Letter No. 153, dated 11th September 1894, from the Deputy Commissioner, Kadur district.

In reply to your docket No. 22675—5266 of 20th June last, asking me to report upon the desirability of removing the head-quarters of the Koppa taluk from Hariharpur to Koppa as requested in the accompanying letter from the Honorary Secretary, North Mysore Planters' Association, I have the honor to report as follows :—

1. The population of Hariharpur is 753 while that of Koppa is 1,135.

2. As to the relative convenience of the two places as the head-quarters for Government work, I have no hesitation in saying that Koppa is by far the most convenient, for the reason that the majority of the Koppa Amildar's work, both revenue and criminal, is connected with the coffee planters who have their estates in much closer proximity to Koppa than to Hariharpur, and that as far as the convenience of the planters is concerned, there is no comparison as regards the location of the two places, Koppa being so infinitely superior. The population between Hariharpur and the ghats is very small and very few come in from that side to transact business in Hariharpur.

3. In my letter No. 139, dated 7th September 1894, proposing certain arrangements for establishing a Taluk Cutcherry at Balehonnur, I have suggested that Yedahalli be handed over to Koppa taluk ; and should that suggestion be carried out it would still more strongly add to the advisability of making Koppa the Taluk head-quarters, as it would bring it six miles nearer to the important town of Yedahalli.

4. I have brought to the notice of Government more than once the unhealthiness of Hariharpur for the taluk officials, and I asked Mr. Thumboo Chetty, Chief Judge, during his recent tour, to judge for himself from their general appearance, and he wrote me that he was greatly struck with their unhealthy appearance, and that should the question of building them suitable quarters arise again, he would certainly advocate the same. This goes to prove that Hariharpur is unhealthy, and this I attribute to its lying so low and on the banks of the river. Koppa is some 500 feet higher than Hariharpur and comparatively healthy for a malnad station.

moreover there are some admirable sites for building public offices, and, if necessary, quarters at Koppa may be built close to the main road and convenient to all. At present the head-quarters of the Taluk Police are located at Koppa while the Taluk Cutcherry is at Hariharpur, which is most inconvenient.

5. There is no telegraph office at Hariharpur.

6. The extra six miles of road existing between Koppa and Hariharpur makes all the difference to planters in sending to the treasury to get their notes cashed and affords facilities for dacoities and robberies amongst the coolies returning with money, which would not otherwise exist if the treasury were at Koppa.

7. The main points in favor of moving the taluk head-quarters from Harihar to Koppa, are:—

(1) It is more convenient for the general transaction of work for all parties;
(2) it would have a telegraph office and be in closer touch with the police;
(3) it is healthier; and
(4) it would be more central in the event of Yedahalli being joined on to Koppa taluk.

8. For these reasons I most cordially support the recommendation made by the Honorary Secretary, North Mysore Planters' Association that the head-quarters should be moved from Hariharpur to Koppa.

(3) Also subsequent correspondence ending with docket No. 123, dated 20th August 1896, from the same officer on the above subjects.

No. 9514-17—R. 3145, DATED, BANGALORE, 30TH APRIL 1897.

ORDER THEREON.—On a full and careful consideration of all the circumstances explained in the Deputy Commissioner's letters read above, and the representations made by the Planters' Association from time to time, Government are pleased to sanction, with effect from a date to be notified hereafter, the transfer of the head-quarters of the Koppa taluk from Hariharpur to Koppa and the establishment of a new taluk with head-quarters at Balehonnur, the sub-taluk of Yedahalli now consisting of Yedahalli and Balehonnur hoblis being abolished.

2. The new taluk of Balehonnur will consist of five hoblis as shown below :—

To be transferred from.	Name of hobli.	No of villages which constitute the hobli.
Yedahalli sub-taluk ...	1 Balehonnur	20 instead of 18 as at present and including Hebbi and Sarya.
Koppa taluk	2 Megunda	23
	3 Baggangi	14
Mudgere taluk ...	4 Khalsa	13
Chikmagalur	5 Khandya	17

In consequence of the above changes, Yedahalli hobli (with two *villages less than the present number) now attached to the sub-taluk, will be transferred to the Koppa taluk and Bidarnad hobli from Chikmagalur to the Mudgere taluk. Thus, the whole of the Kadur district will consist of six taluks as shown below :—

* Owing to the transfer of Hebbi and Sarya villages to the Balehonnur hobli.

1	Koppa	containing	5	hoblis of	114	villages.
2	Chikmagalur	do	6	do	189	do

4	Tarikere	do	6	do	246	do
5	Kadur	do	6	do	319	do
6	Balehonnur	do	5	do	87	do

3. Arrangements should forthwith be made by the Public Works Department for the construction of the necessary buildings for the Taluk Cutcherries at

Koppa and Balehonnur. As it is desirable also to transfer the Munsiff's Court from Yedahalli to Koppa, the proposed building at the latter place should be so designed as to provide sufficient accommodation both for the Taluk Cutcherry and for the Munsiff's Court.

4. The Deputy Commissioner is requested to submit a proposition statement as regards the establishment required for the Balehonnur taluk, and also to report from what date he would propose to give effect to the changes sanctioned above, in view to the necessary notifications being published in the *Gazette*.

Letter No. 460, dated 20th November 1895, from the Deputy Commissioner, Tumkur.

Letter No. 579, dated 19th December 1895, from the Deputy Commissioner, Bangalore.

Correspondence ending with No. 246—211, dated 27th August 1896, from the Deputy Commissioner, Shimoga.

Correspondence ending with No. 1205, dated 26th March 1896, from the Deputy Commissioner, Mysore.

Correspondence ending with No. 2964—749, dated 6th February 1897, from the Deputy Commissioner, Kolar.

No. 9651-58—R. F. 125-96, DATED, BANGALORE, 25TH APRIL 1897.

ORDER THEREON.—The Superintendent of Inam Settlements states that there are no kayamgutta or other alienated villages in the province which have not been settled, and he refers to a statement submitted by him with letter No. 26 of 9th September 1892, according to which there are only *11 kayamgutta and other alienated villages in the province the mohatarfa revenue whereof is reserved to Government.

2. But the information furnished by the Deputy Commissioners is at variance with that contained in the Inam Superintendent's statement. The Deputy Commissioner of Bangalore mentions the names of 11 kayamgutta villages and states that the mohatarfa revenue of one of them situated in the Kankanhalli taluk and the oil-mill tax collected in the villages are credited to Government. The Deputy Commissioner of Kolar gives the name of one kayamgutta village; and that of Tumkur, seven jodi and sarvamanyam villages the mohatarfa revenue whereof is reserved to Government. But in the seven villages last mentioned, the jodi village of Kamakshihalli, referred to in the Inam Superintendent's list, is not included. The Deputy Commissioner of Mysore mentions the names of 12 sarvamanyam, jodi and kayamgutta villages the mohatarfa revenue whereof is reserved to Government, and states that *18 other villages have not been settled by the Inam Department. The Deputy Commissioner of Hassan states that the mohatarfa revenue of Tammalapur and Toraganahalli and of 37 other villages is being enjoyed by the inamdars concerned, although they are not entitled to it according to the settlement. In the list furnished by the Deputy Commissioner of Shimoga, the two villages of Kunigal katte and Virabhadrapura out of the

seven villages mentioned in the Inam Superintendent's statement, are omitted, and 22 other villages are included, and it is stated by the Deputy Commissioner that the mohatarfa revenue of Kanasinakatte, Majigenahalli, Chikkudli and Hosahalli, has not been collected up to date, although the right thereto is vested in Government, and that of Uragadur is being collected by Government. Of the latter 22 villages last referred to, the revenue in some cases is collected by Government, while in others it is not collected although Government have a right to it, and in two cases the revenue is collected and appropriated by the inamdars themselves though they are not entitled thereto. In the list furnished by the Deputy Commissioner of Chitaldrug, the Mahal jodi village of Myakalurhalli is omitted, and the Deputy Commissioner states that the mohatarfa in 38 villages, which have been settled, is being enjoyed by the inamdars themselves.

3. A copy of a statement prepared in this office, embodying the information furnished both by the Inam Superintendent and the Deputy Commissioners, will be forwarded to the Inam Superintendent, with whom the Deputy Commissioners will place themselves in communication with reference to the variations above pointed out, and furnish correct and complete information as called for in the Proceedings of 10th July 1895. The Inam Superintendent is requested to be so good as to report whether the statement of the Deputy Commissioner of Mysore that 18 villages have not been settled is correct, and, if so, what he would now propose to do in the matter.

No. 9497-504—R. 3141, DATED, BANGALORE, 28TH APRIL 1897.

ORDER THEREON.—The appended statement shows the estimated jamabandi under the heads "Land Revenue," "Mohatarfa," "Sayer," "Salt" and "Miscellaneous" for the year 1896-97, in juxtaposition with the actual demand for the previous year 1895-96.

2. *Land Revenue.*—The total estimated "Land Revenue" for the province shows a decrease of Rs. 1,29,920 as compared with the actual demand for the year 1895-96.

3. The following are the taluks in which the largest decrease is shown, *viz*:—

Taluks.	*Amount of decrease.* Rs.
Koppa	36,319
Chikmagalur	31,099
Belur	19,242
Tarikere	16,145
Sorab	9,783
Devanhalli	8,607
Nagar	6,698

4. In the Koppa, Sorab and Nagar taluks, the decrease is attributed to the postponement of $\frac{1}{4}$th assessment on arecanut gardens with reference to the orders contained in Government Proceedings No. 1888-90—R. F. 44-92, dated 19th August 1896; while in the other taluks, except Devanhalli mentioned above, the fall is chiefly under sale proceeds of coffee and other lands. The Deputy Commissioner of Bangalore explains that the decrease of Rs. 8,607 in the Devanhalli taluk is owing to resignation of lands. Some further and more detailed explanation for this abnormal decrease is necessary, and must be submitted at an early date.

5. *Mohatarfa.*—Under this head there is a falling off of Rs. 8,646. The Deputy Commissioner, Mysore district, who has given no explanation for the decrease of Rs. 3,721 in the Hunsur taluk, is requested to furnish the same at an early date. The Deputy Commissioner of the Kolar district, wherein there is a decrease of Rs. 2,272, due partly to razinamas, states that a falling off of Rs. 360-8-0 in the Bowringpet taluk and of Rs. 1,145 in the Goribidnur taluk, is expected from the remission of tax on huts valued at below Rs. 10. Government observe that the question of showing some concession in respect of such huts is still under

correspondence, and that they are not aware of the authority under which a remission to so large an extent, especially in the Goribidnur taluk, is proposed to be granted. An explanation on this point will be furnished by the Deputy Commissioner, who will at once rectify the mistake by imposing all those taxes which have been remitted without authority. The decrease in other districts calls for no special remark.

6. *Sayer.*—The net decrease under this head amounts to Rs. 97,087, being mainly due to the fall in the arecanut crop owing to damage done to the gardens by the unusually heavy rains of 1896.

7. *Salt.*—The figures under this head also show a decrease of Rs. 4,321, the districts of Kolar and Tumkur chiefly contributing to it. The fall is reported to be due to non-receipt of applications for working salt-pans, which was probably due to deficient rainfall. The Deputy Commissioner should, however, ascertain the proper reason for the falling off of such applications.

8. *Miscellaneous.*—The figures under this head show an increase of Rs. 46,232 for the province as shown in the margin, the estimates for the Kolar, Mysore and Shimoga districts chiefly contributing to this increase.

No. 8806—R. F. 11-96, DATED, BANGALORE, 5TH APRIL 1897.

ORDER.—Government direct that when either gomal or soppinbetta lands are applied for, and recommended to be granted, for wet cultivation in the malnad districts, information be invariably furnished on the following points :—

(1) The area of existing wet cultivation in the village in which the grant is recommended.

(2) The source of irrigation and its capacity with reference to the increased burden proposed to be thrown upon it.

2. The Deputy Commissioner should also state his opinion as to whether the new grant would in any way affect the existing wet cultivation.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Hassan, Shimoga and Kadur Districts.
